To protect and promote the health and safety of the people of Wisconsin 11

Resident Relocation Requirements: Numbers

At least **five** residents will relocate

To protect and promote the health and safety of the people of Wisconsin 12

Resident Relocation Requirements: Conditions

When a facility intends to:

- Close
- Change level or type of services provided
- Change means of reimbursement accepted

To protect and promote the health and safety of the people of Wisconsin

13

Timeline: Planning

Resident Relocation Plan Approval

- Develop and submit a resident relocation plan to the Department of Health Services.
- Plan is reviewed and approved or resubmitted for modifications.
- After plan approval, relocation team is installed.
- No resident may be relocated until relocation plan approval.

To protect and promote the health and safety of the people of Wisconsin

14

Timeline: Implementation

Relocation plan implementation begins upon approval

Allow at least 90-120 days

To protect and promote the health and safety of the people of Wisconsin

15

Fundamentals of the Chapter 50 Relocation Plan

- 1. Relocations must be safe and done in an orderly fashion.
- 2. Process must be person directed and focus on relocation stress mitigation.
- 3. Process must protect the residents' health, safety, welfare, and rights.

Fundamentals of the Chapter 50 Relocation Plan

- 4. Process must allow for the development of relocation and discharge plans that:
 - a. Assist the resident to identify and explore options.
 - b. Fully prepare the resident and subsequent care providers to adequately serve the resident.
- 5. Residents must be kept informed and involved in the process and receive required notices.

Fundamentals of the Chapter 50 Relocation Plan

- 6. Residents must be provided with options that take proximity to family and friends into consideration.
- 7. No resident can be forced to relocate or to remain in any placement without a court order.

Fundamentals of the Chapter 50 Relocation Plan

- 8. Residents must be offered opportunities to tour proposed alternate living arrangements.
 - a. May require up to three visits for increasingly longer periods of time
 - b. Unless medically contraindicated

Fundamentals of the Chapter 50 Relocation Plan

- 9. Residents must be provided with adequate assistance and support with moving and should not have to bear the cost of relocation.
- 10. Facility can not close until each resident has been relocated to a suitable and acceptable alternate living arrangement.

Process: Notification

Transferring Home

- Notice of intent to close
- Invitation to the Informational Meeting

Receiving Home

- Opportunity to confirm with the transferring home
- Evaluate capacity to admit

Process: Informational Meeting

Transferring Home

- Formally announce the need to relocate
- Introduce stakeholders
- Provide details of support and services
- Explain rights

Receiving Home

- Communicate with transferring home to begin strategizing
- Be sensitive to the process

To protect and promote the health and safety of the people of Wisconsin

22

Process: Initial Planning Conferences

Transferring Home

- Explain need to relocate
- Discuss options and preferences
- Develop a plan to explore options

Receiving Home

- Limited involvement
- Refer back to the transferring home

To protect and promote the health and safety of the people of Wisconsin

23

Process: Referrals

Transferring Home

- Make referrals when appropriate and upon consent
- ADRC referrals
- Referrals directly to other facilities

Receiving Home

- Allow the transferring home time
- Continue communicating

To protect and promote the health and safety of the people of Wisconsin

24

To protect and promote the health and safety of the people of Wisconsin 30

Make Contact Early

- Chronically low census
- Financial distress
- Persistent staffing shortages
- Physical plant issues
- Regulatory non-compliance leading up to revocation

To protect and promote the health and safety of the people of Wisconsin

31

When The Process Is Not Followed

Waiting too long results in:

- Prolonging the inevitable
- Precipitating conditions worsening
- Rushing or side-stepping the process
- Adding to workload of multiple agencies
- Exhausting nearby service capacity
- Diminishing options and choice
- Creating confusion, disappointment, and anxiety

To protect and promote the health and safety of the people of Wisconsin

32

Negative Outcomes

- Belongings not accounted for
- Lost mail or funds
- Not having appropriate durable medical equipment
- Care plans not followed
- Medication errors
- Emergency room visits
- Hospitalizations

To protect and promote the health and safety of the people of Wisconsin

33

When The Process Is Followed

Being proactive results in:

- Mitigating worsening conditions
- Thoughtfully implementing the process
- Balancing the workload
- Enhances local options and choices
- Diminishes anxiety and confusion

To protect and promote the health and safety of the people of Wisconsin

34

Positive Outcomes

Resident's Experience

- Feeling involved in the process
- Ability to make choices
- Sufficient time to prepare
- Well planned transitions
- Continuity of care

To protect and promote the health and safety of the people of Wisconsin

35

Apply the Process to Any Transitioning Resident

- Person-centered approach
- Communicate and inform
- Prepare
- Support and assist
- Allow time

To protect and promote the health and safety of the people of Wisconsin

36

Objectives

- Understand how to recognize and mitigate relocation stress.
- Understand Wisconsin's approach to mitigating relocation stress according to state statute.
- Understand how to apply this information when transitioning any resident.
