This appendix presents samples of all currently available HSRS output reports. These reports have been grouped into the following categories:

- Agency Directories
- Worker Caseload and Caseload History Reports
- SPC Provider Caseload and Caseload History Reports
- Tickler Reports which are intended to remind workers of certain upcoming required actions
- 32T Unit Reporting
- LTS Reports
- Family Support Program Reports
- Provider Number Reports

Agency directories, worker caseload and SPC provider caseload reports are available in two different versions: reports which incorporate the Family ID linkages into their sort sequence, and reports which use only the clients name in a straight alphabetical sort. For example, suppose the client ADAMS, MARY has Family ID #25A and the client SMITH, JOHN has Family ID #25B. In a Family ID sorted program, the output will appear in the sequence: ADAMS, MARY

SMITH, JOHN

ADAMS, PAUL (for example)

In the straight alphabetic sort SMITH, JOHN will not be associated with ADAMS, MARY.

The output will occur as: ADAMS, MARY

ADAMS, PAUL

and SMITH, JOHN will occur pages later sorted properly within the letter S.

#### I. AGENCY DIRECTORIES

Agency directories list all clients served by the agency within the last thirteen months. The client may or may not be currently active. Program data (SPCs, target groups, provider IDs, start and end dates) is provided for each program within an episode that was open within the thirteen month time period. The workers associated with each episode are listed.

Two versions of Agency Directories are available - the L230, which takes Family ID's into account in its sort sequence; and the L231 which is a straight alphabetically sorted directory.

REPORT: (page A24) L230 AGENCY DIRECTORY – FAMILY ID SORT

TIME PERIOD COVERED: All clients served in the last thirteen months.

PRIMARY SORTS: Agency

SECONDARY SORTS: Client name. (Clients with a Family ID not ending in A are

sorted under the name of their linked client whose

corresponding Family ID starts with A).

COMMENTS: This report is an alphabetical listing of all clients served by

the agency in the last thirteen months.

REPORT: (page A25) L231 AGENCY DIRECTORY - ALPHABETIC TIME PERIOD COVERED: All clients served in the last thirteen months.

PRIMARY SORTS: Agency SECONDARY SORTS: Client name

COMMENTS: This report is identical to the L230 except it does not tie

clients together by their corresponding Family ID's.

#### II. WORKER CASELOAD AND CASELOAD HISTORY REPORTS

When a worker is indicated in Field 1 of the F-20031, that worker becomes associated with the current episode for the client being reported. Worker sorted reports will provide the case worker with program information on all episodes for which he/she is designated as the worker in Field 1.

The L242 report lists all currently open programs for the worker. The L242 incorporates Family ID in its sorting sequence.

The L710, L810 and L910 list all programs which have been provided to clients of the worker in the current year regardless of whether the programs are currently open or closed. These reports also indicate units of service provided to the client, by program and by month. (Since units of service for a given month aren't reported until the following month, the January and February reports present data for the previous year. Thus, December units, which are reported by the agency in January, will first appear on the report issued early in February.)

The L710 lists units associated with COP programs, the L810 lists units associated with Waiver programs, and the L910 combines the others and lists all units regardless of type of program.

REPORT: (page A26) L242 WORKER CASE LOAD

TIME PERIOD COVERED: All clients with currently open programs.

PRIMARY SORTS: Agency, worker

SECONDARY SORTS: Client name (alphabetical) – Family ID grouping used.

were listed as the worker (Field 1) on the F-20031.

REPORT: (page A28) L710 COP UNITS SUMMARY

TIME PERIOD COVERED:Current year, with the exception of the January and February reports, which indicate units reported for the previous year.

PRIMARY SORTS: Agency, worker

SECONDARY SORTS: Client name (alphabetical), program key.

programs provided to COP clients open during the current (or in the case of January or February, previous) year.

programs provided to Waiver clients open during the current

(or in the case of January or February, previous) year.

previous year.

PRIMARY SORTS: Agency, worker SECONDARY SORTS: Client name

clients.

#### III. SPC PROVIDER CASELOAD AND CASELOAD HISTORY REPORTS

SPC providers are associated with programs whenever a provider number is entered into Field 23 of the F-20031. SPC provider sorted reports will provide the SPC provider with information on all programs for which he is designated as the program provider.

The L243 and L253 reports list all currently open programs for the SPC provider. The L243 incorporates Family ID in its sorting sequence, the L253 does not.

The L500, L600, L700, L800 and L900 list all programs provided by the SPC provider during the current year, regardless of whether the program is currently open or closed. These reports also indicate units of service by client, program and month. (Since units of service for a given month aren't reported until the following month, the January and February reports present data for the previous year, rather than the current year. Thus, December units, which are reported by the agency in January, will first appear on the report issued early in February.)

The L600 lists units associated with CORE programs, the L700 lists units associated with COP programs, the L800 lists units associated with Waiver programs, and the L900 combines the others and lists all units regardless of type of program.

#### IV. TICKLER REPORTS

Three tickler reports exist on HSRS. These are the L102, Clients with Diagnosis Deferred or Missing, the L220, Case Review Date, and the L330 SPC Review Date.

The L102 lists all clients who have a missing Diagnosis or Diagnosis deferred (799.9).

The L220 report is based on the Next Review Date field (Field 10) of the F-20031. Agencies may use this field for review lists or any other activity they designate. Clients with open programs, having dates in this field prior to the end of the month after the program run month, will be listed on this report. The L330 report is based on the next SPC Review Date field of the F-20031. #### **V. 32T REPORTING TURNAROUNDS**

32T reports are designed to assist agencies in the reporting of required data to meet state and federal reporting requirements.

Four versions of the 32T exist. Two of the versions list all SPCs open for the agency in the month prior to the report. The other two versions list only SPCs on which units reporting is a requirement. Each of these versions is also available sorted either by worker or by SPC provider.

The 32WV lists all Waiver programs open during the previous month, and provides spaces for units and costs to be entered for each program. It is sorted by worker.

You may request the 32T using the report menu (screens 05 and 08) on HSRS. However, you must then let the SOS Desk know the specific version(s) you desire:

- by Worker or Provider

- all SPCs or those for which unit reporting is required.
