

ENJOY YOUR PRODUCE

When you receive your FMNP checks, your local agency may also give you some delicious recipes to try with your produce. Your local nutritionist is available to answer any questions and suggest new ways of preparing your fresh, locally grown food. Below is a sample.

BERRIES

Farmers Market Season: June-September

Buying Tips: Choose berries that are bright in color, uncrushed, and don't forget to check produce for mold! If they are in a box, make sure there are no leaks or stains.

Storage: Store in the refrigerator. They are best if used within one to three days. Berries can be frozen.

Preparation: Rinse berries in cold water. Berries can be eaten raw or cooked.

Recipe: Berry Parfait

- ½ cup-1 cup berries
- ½ cup low-fat yogurt
- ¼ cup cereal

Spoon the yogurt into a dish. Spoon the cereal over the yogurt. Top with washed berries. Enjoy!
