CIVIL RIGHTS COMPLIANCE REQUIREMENTS OVERVIEW

I. INTRODUCTION

Federal civil rights laws prohibit discrimination of members, applicants, enrollees, and beneficiaries in programs and activities that receive Federal financial assistance. Those laws include, for example, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, Title IX of the Educational Amendments of 1972, the Age Discrimination Act of 1975, and Section 1557 of the Patient Protection and Affordable Care Act of 2010, and prohibit recipients and subrecipients of Federal financial assistance from discriminating on the basis of race, color, national origin, sex, age, disability, and, in some programs, religious creed or political affiliation or beliefs, in their service delivery, and from engaging in retaliation against those who oppose discriminatory practices protected by Federal civil rights laws.

The Department of Health Services (DHS), Department of Children and Families (DCF), and Department of Workforce Development (DWD) (collectively, “the State Agencies”) receive Federal financial assistance. The State Agencies must comply with Federal civil rights requirements as recipients of that financial assistance, and must ensure that their recipients of the Federal financial assistance also comply with Federal civil rights laws. Federal financial assistance includes Federal grants, sub-grants, loans, contracts, advance of funds, and other assistance. For purposes of this document, “recipients” of Federal financial assistance are those entities or individuals that receive Federal funds through a State Agency to administer a program or activity. Recipients receiving assistance from the State Agencies may subcontract those funds through subrecipients. Recipients and subrecipients must comply with these Civil Rights Compliance Requirements (“CRC Requirements”) authored by the State Agencies.

The precise nondiscrimination statutes and regulations applicable to recipients depend on which Federal agency (i.e., the U.S. Department of Health and Human Services (HHS), the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS), or the U.S. Department of Labor (DOL)) funds the program or activity. But, generally, the long-established civil rights acts listed above form the framework of civil rights protections across the Federal agencies’ programs. Appendix H summarizes Federal civil rights laws that are applicable to the State Agencies’ programs and activities.

These CRC Requirements are intended to meet the civil rights requirements of each of those Federal agencies collectively for each of the State Agencies by getting assurances from the State Agencies’ recipients that they, too, will comply with Federal civil rights provisions. Thus, as a condition of receiving Federal financial assistance through one or more of the State Agencies, a recipient must provide an assurance that it will comply with these CRC Requirements. For larger recipients, they will also be required to complete a Civil Rights Compliance Plan (“CRC Plan”). This document provides the mechanism for the recipients to prepare such assurances and plan, and for the State Agencies to monitor the recipients’ compliance with those civil rights laws.

Recipients must also ensure that their subrecipients comply with the CRC Requirements. A recipient’s oversight responsibilities for subrecipients include, but are not limited to, collecting civil rights assurances, providing technical assistance and training, monitoring the delivery of services, and conducting investigations of complaints of discrimination. The responsibility of recipients to monitor compliance of their subrecipients with the CRC Requirements is explained on page 10.
All recipients must comply with applicable Federal civil rights laws. These CRC Requirements obligate recipients of Federal financial assistance to do the following to assure the State Agencies that they understand and agree to comply with those civil rights laws:

- Submit a Civil Rights Compliance Letter of Assurance (‘‘CRC LOA’’) to the appropriate State Agency.
- Collect a CRC LOA from any subrecipient contracted to perform services under a Federal program.
- Complete and maintain a Civil Rights Compliance Plan (‘‘CRC Plan’’), as applicable. The CRC Plan does not need to be filed with the State Agency, but must be made available upon request.
- Provide language assistance services, including translated documents and oral interpretation, free of charge and in a timely manner, when such services are necessary to provide meaningful access to limited English proficiency (LEP) individuals.
- Communicate effectively with individuals who have vision, hearing, or speech disabilities and provide auxiliary aids and services when needed to individuals with communications disabilities at no cost to the individual with a disability.
- Make all programs and activities provided through electronic and information technology accessible to individuals with disabilities and ensure nondiscrimination in providing services and benefits.
- Ensure that any newly constructed and altered facilities are physically accessible to individuals with disabilities.
- Have in place a discrimination complaint process and provide notices of their complaint process, translated into major primary languages of the LEP individuals in their service area.
- Post required nondiscrimination statements and notices.

Complying with the above requirements is evidence that civil rights laws are being complied with, but the requirements do not supersede a recipient’s obligation to meet all applicable Federal civil rights laws.

**PURPOSE FOR COMPLETING ASSURANCES OF COMPLIANCE**

Completing and implementing the assurances of compliance are conditions that must be met by all Federally funded recipients because they:

- Commit recipients and subrecipients of Federal financial assistance to comply with all applicable Federal civil rights laws;
- Allow the State Agencies to comply with their obligations under Federal civil rights laws;
- Create a uniform method for recipients of Federal financial assistance to demonstrate understanding of and compliance with the civil rights laws; and
- Provide a framework to assist State Agencies in verifying compliance of Federal civil rights laws by their recipients of Federal funds.
II. REQUIREMENTS

All recipients of Federal funds passed through one or more State Agency to administer a Federal program or activity must comply with Federal civil rights laws and meet the CRC Requirements. As described below, what each recipient must submit is dependent upon the amount of the Federal funds received and the recipient’s number of employees.

There are two components of the CRC Requirements to ensure compliance with Federal civil rights laws: (1) the CRC LOA; and (2) the CRC Plan. Each will be discussed below.

Please note: All contractors with the State Agencies must also comply with the nondiscrimination and affirmative action provisions under Wisconsin’s Contract Compliance Law, Wis. Stat. § 16.765 and Wis. Admin. Code Ch. Adm. 50. Contractors with the State Agencies may also be required to submit an Affirmative Action (AA) Plan. These state contract compliance requirements are distinct and separate from the CRC Requirements and compliance with the CRC Requirements does not mean the state nondiscrimination and affirmative action laws are met.

See the Department of Administration’s Instructions for Contractors: Affirmative Action Requirements or the AA Plan Contact for the State Agencies:

TO WHOM DO THESE CIVIL RIGHTS REQUIREMENTS APPLY?

Any entity that receives funds from one or more of the State Agencies to administer a Federal program or activity—that is, all recipients and subrecipients of Federal financial assistance—must comply with the Federal civil rights laws. See Appendix H for a list of Federally funded programs for which the State Agencies may pass through Federal funds to recipients. These CRC Requirements are intended to ensure compliance with Federal civil rights laws and apply to all recipients and subrecipients.

HOW DO I PROVIDE ASSURANCE OF COMPLIANCE WITH CIVIL RIGHTS LAWS?

1. **What is a CRC LOA?**

   A Civil Rights Compliance Letter of Assurance, or CRC LOA, is an agreement required of a recipient that obligates the entity to comply with Federal civil rights provisions in service delivery and programs as a condition for receiving Federal financial assistance. The CRC LOA that must be submitted to the appropriate State Agency includes the LOA form letter (at page 18) and Appendices A, B, and C.

2. **Who must submit a CRC LOA?**

   If you receive Federal financial assistance through a State Agency for a Federally funded program or activity, you are a recipient and must provide an assurance to the State Agency of your compliance with civil rights requirements by submitting a CRC LOA.

   Generally, if you provide services to clients or customers for a State Agency under a Federally funded program (e.g., services such as cleaning a state facility or IT-related services not for member enrollment), a CRC LOA is not required. If you are not sure whether this provision applies to you, you should contact the CRC Officer for the appropriate State Agency.

   An entity or individual that only provides goods directly to a State Agency does not have to submit CRC LOA. If you have a contract to provide goods for a Federal program or activity that are delivered to a member or participant as part of that program, you will be required to submit a CRC LOA. If you are not sure whether this provision applies to you, you should contact the CRC Compliance Officer for the appropriate State Agency.

   That means, all recipients, regardless of the size of their workforce or the amount of the contract, grant, or agreement, must complete and submit a CRC LOA and the appropriate appendices to a State Agency (explained below).

   Like recipients, subrecipients are required to comply with CRC requirements. Recipients are responsible for obtaining assurances of compliance from their subrecipients. The CRC LOA for State Agencies may be used by recipients with their subrecipients. Subrecipients must complete a CRC LOA or similar assurance.

   Please note: Wisconsin Tribal Governments that receive Federal financial assistance through a State Agency do not have to submit a CRC LOA. See page 11.

3. **To whom do I submit the CRC LOA?**

   A recipient must submit the CRC LOA to the State Agency from which it receives Federal financial assistance. The CRC LOA is submitted for a multi-year period. The current period is January 1, 2018 through December 31, 2021.
A recipient that receives Federal funds from more than one State Agency should submit the CRC LOA to the State Agency from which it first receives Federal funds during the compliance period. For recipients receiving Federal funds from multiple State Agencies on an ongoing basis, submit the LOA to the State Agency providing the largest amount of funding. **Appendix B** is to assist you to identify the appropriate State Agency. The State Agencies collaborate to share CRC LOAs for mutually funded recipients, so it is necessary to submit the CRC LOA to only one State Agency.

The CRC LOA should be submitted to the appropriate State Agency at the following address:

4. **What is the deadline to submit the CRC LOA?**

Recipients must complete and submit a CRC LOA within 15 working days of the effective date of the contract, grant or other agreement to provide Federal funds, unless otherwise specified in the grant, contract or other agreement.

For recipients receiving Federal funds on an ongoing basis and for contracts that were effective before January 1, 2018, submit the CRC LOA to the appropriate State Agency within 15 working days after January 1, 2018 (the effective date of these CRC Requirements).

This deadline is for the CRC LOA agreement itself and the required **Appendices A, B, and C**.

5. **Do I need to submit updates to the CRC LOA during the Compliance Period?**

Recipients must provide updates of any changes to the entity’s address or change in the authorized representative listed in the CRC LOA to the appropriate State Agency within 10 working days of the change.

**WHO MUST COMPLETE A CIVIL RIGHTS COMPLIANCE PLAN?**

1. **What is a Civil Rights Compliance Plan?**

A **Civil Rights Compliance Plan, or CRC Plan**, is a plan by a recipient of Federal funding through a State Agency detailing how the recipient will comply with Federal civil rights laws. Recipients must use the CRC Plan Template, provided at pages 27 to 47.

Recipients are responsible for ensuring that subrecipients complete a CRC plan, if applicable. Subrecipients may use the State Agency CRC Plan Template or a similar template.

2. **Who must prepare a CRC Plan?**

Recipients with 50 or more employees and who receive an aggregate of more than $50,000 in Federal funding through one or more State Agency must complete a CRC Plan.

Subrecipients with 50 or more employees and who receive more than $50,000 in Federal funds must complete and keep on file a CRC Plan. The subrecipient must produce its CRC Plan upon request by the recipient or by the appropriate State Agency. (See page 10).
3. **By when must I complete the CRC Plan?**

Recipients and subrecipients must complete the Plan within **60 calendar days of the effective date** of the contract, grant, or agreement under which the recipient receives Federal funds through a State Agency.

For recipients receiving Federal funds on an ongoing basis and for contracts that were effective before January 1, 2018, the CRC Plan must be completed 60 calendar days after January 1, 2018 (the effective date of these CRC Requirements).

The recipient must review and update its CRC Plan annually throughout the 2018-21 compliance period to ensure continued compliance with all CRC Requirements.

4. **Do I submit the CRC Plan to the State Agency?**

It is not necessary to submit the CRC Plan to the State Agency. The CRC Plan must be kept on file and made available to the appropriate State Agency upon request.

**MUST I DISPLAY WRITTEN NONDISCRIMINATION STATEMENTS?**

All recipients and subrecipients must display and publish the applicable nondiscrimination statements, depending on the Federal agency that funds the program or activity. Examples of the nondiscrimination statements are provided in **Appendix D**.

**WHAT OBLIGATIONS DOES A RECIPIENT HAVE TO ENSURE COMPLIANCE OF ITS SUBRECIPIENTS?**

Each recipient who contracts with or otherwise pays a subrecipient to administer the Federally funded program or activity is responsible to ensure that its subrecipient complies with these CRC Requirements by doing the following:

- Incorporate by reference the CRC Requirements into their contracts, grants or other agreements.
- Require subrecipients to submit a CRC LOA within **15 business days** of the effective date of the contract or other agreement with subrecipient. If the subrecipient has submitted a CRC LOA on its own to a State Agency, the subrecipient may provide a copy of that CRC LOA to the recipient to demonstrate compliance. If not, the recipient shall require the subrecipient to submit the CRC LOA to the recipient. The recipient must be able to produce all subrecipient CRC LOAs to the appropriate State Agency upon request.
- Monitor the compliance of subrecipients with civil rights laws.
- Investigate complaints made by applicants, participants and customers against subrecipients.
- Use CRC training tools and pursue CRC technical assistance.
- Recipients may impose additional policies and procedures on their subrecipients to ensure compliance with civil rights requirements, as long as the additional policies and procedures do not conflict with these CRC Requirements, Federal, and/or state civil rights discrimination laws and regulations.

**WILL THERE BE COMPLIANCE REVIEW AND MONITORING?**

The State Agencies shall take appropriate steps to ensure that:

- Recipients timely submit the CRC LOA.
- Recipients ensure their subrecipients are in compliance with the CRC Requirements.
- Recipients who are required to prepare a CRC Plan have timely completed the CRC Plan;
- Recipients comply with the substantive requirements of the Federal civil rights laws, including, but not limited to: providing services without regard to a member’s or applicant’s race, color, national origin, sex, disability, age, and, depending on the source of the Federal funding, religious creed, and political affiliation or belief; ensuring meaningful access to LEP individuals by providing qualified
interpreters at no cost to the beneficiary of the service or activity; and ensuring equal access to individuals with disabilities.

- Recipients provide compliance information upon request of the State Agency.

The appropriate State Agency may select and schedule desk or onsite compliance reviews of recipients or subrecipients. Recipients scheduled for compliance review may be provided advance notice of an onsite visit and may be subject to a CRC audit to determine the level of compliance. The State Agencies reserve the right to conduct unscheduled onsite visits either to investigate a discrimination complaint or to follow-up on previous unresolved findings from a compliance review, and anticipate a recipient’s coordination with such investigation.

ARE THERE ANY EXCEPTIONS FOR WISCONSIN TRIBAL GOVERNMENTS?

The State Agencies have a government-to-government relationship with Wisconsin Indian Tribes. Through a consultation and collaboration process, the State Agencies will work directly with the Tribes to ensure civil rights compliance. Therefore, Tribal Governments do not need to submit a CRC LOA or prepare a CRC Plan.

If a Tribal Government contracts with a subrecipient, the tribe need not request a CRC LOA from the subrecipient. As sovereigns, Tribal Governments will determine how to ensure subrecipient compliance with Federal civil rights laws.

WHAT ARE THE CONSEQUENCES FOR FAILURE TO COMPLY WITH CRC REQUIREMENTS?

Federal civil rights laws require the State Agencies to ensure that their recipients are in compliance with those laws.

The CRC LOA is assurance that a recipient understands and commits to abide by the applicable civil rights laws as a condition of receiving Federal financial assistance through the State Agency or Agencies. If you have questions, you should contact the appropriate State Agency for guidance.

Each State Agency reserves the right to enforce the CRC LOA, which could include terminating the agreement with the recipient to provide Federal programs and activities through the State Agency.
WHOM CAN I CONTACT FOR TECHNICAL ASSISTANCE?

For technical assistance in completing the CRC LOA, the CRC Plan or meeting these CRC Requirements, contact the appropriate State Agency listed below.

- Being regarded as having such impairment.

“Ethnic Categories” based on the U.S. Office of Management and Budget (OMB) requirements the ethnic categories are as follows:
- Hispanic/Latino—A person of Cuban, Mexican, Puerto Rican, South/Central American, or other Spanish culture or origin, regardless of race. Includes persons from the Dominican Republic.
- Not Hispanic/Latino—A person who is not of Cuban, Mexican, Puerto Rican, South/Central American, or other Spanish culture or origin, regardless of race. See also "Race Categories." For the purpose of this plan, data in Ethnic and Race Categories are combined under the heading "Minorities."

“Entity,” as used here, means any person, corporation, partnership, joint venture, sole proprietorship, unincorporated association, consortium, and/or entity authorized by State or local law; any local government; and/or any agency, instrumentality or subdivision of such a government.

Contractors may include state or local governmental entities, educational institutions, for-profit or non-profit entities, or other organizations. The operations include the entire corporation, partnership or sole proprietorship under which the contractor operates and all facilities of the contractor.

“Qualified Interpreter” means an interpreter who is able to interpret effectively, accurately, and impartially, either for individuals with disabilities or for individuals who are limited English proficient. The LEP interpreter must be an individual who is able to provide the following: demonstrated proficiency in English and a second language; demonstrated knowledge in both languages of relevant specialized terms and concepts; and demonstration of completion of training on the skills and ethics of interpretation. The interpreter must be able to interpret both receptively and expressively, using any necessary specialized vocabulary, either in-person, through a telephone, a video remote interpreting (VRI) service, or via internet, video, or other technological methods.

“Race Categories” The following are the minimum categories for data collection on race and ethnicity for Federal statistics, program administrative reporting, and civil rights compliance reporting based on the U.S. Office of Management and Budget (OMB):

- Black/African American or African—A person having origins of any of the black racial groups of Africa. Includes Haitians and other persons of African origin from the West Indies who are not Hispanic/Latinos.
- American Indian or Alaska Native—A person descending from any of the original peoples of North, South or Central America who possess a quarter degree or more of documented tribal dissonancy or is enrolled with a Federally and state recognized tribe.
- Asian—A person having origins in any of the original people of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- Native Hawaiian or Other Pacific Islander—A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- White—A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

For the purpose of this plan, data collected for reporting ethnic categories are Hispanic or Latino and Not Hispanic or Latino. Also see Ethnic Categories definition.

“Recipient,” as used here, refers to those entities who receive Federal funds passed through from one or more State Agencies (or, in the case of DWD, the Governor) to administer a program or activity. This does not include the actual individual client or beneficiary of the program or activity.
The term “subrecipient” (defined below) refers to those entities who receive Federal funds to administer a program or activity from an entity other than a State Agency (or the Governor).

Recipients and subrecipients include, but are not limited to:
- Local county departments of health and human/social services, community programs, aging services, and child support agencies;
- Municipalities;
- Universities, technical colleges, public school districts, and other educational agencies;
- Private-for-profit and not-for-profit organizations;
- Hospitals, HMOs, community health centers, Medicaid providers;
- Nursing homes, long term care providers, CBRFS, and family care providers;
- Child care centers and child residential care providers;
- State and local workforce investment boards;
- Local workforce investment area (LWIA) grant recipients;
- One-stop Job Center operators and partners;
- Service providers, including eligible training providers;
- On-the-job training (OJT) employers;
- Job Corps contractors and center operators, excluding the operators of Federally-operated Job Corps centers;
- Job Corps national training contractors;
- Outreach and admissions agencies, including Job Corps contractors that perform these functions;
- Placement agencies, including Job Corps contractors that perform these functions;
- Refugee Service Grant recipient, including Mutual Assistance Associations (MAAs), CBOs, FBOs and Refugee Resettlement Agencies; and
- Other Federal grant recipients.

“Safe Harbor” means the recipient or subrecipient has taken the following actions that are considered to be strong evidence of compliance with the recipient’s written translation obligations:
- The recipients and subrecipients are providing written translations of vital documents for each eligible LEP language group that constitutes 5 percent or more or 1,000 people, whichever is less, of the population of persons eligible to be served or likely to be affected or encountered. Translation of other documents, if needed, can be provided orally; or
- For those LEP groups with fewer than 50 persons in a language group that reaches the 5 percent trigger above, the recipient is not required to translate vital written materials but must provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

“Service Area” is the geographic area from which customers of a recipient’s service are drawn (e.g., countywide, multi-county).

“Subrecipient” is a non-Federal entity that receives Federal financial assistance from a recipient (other than a State Agency or the Governor) to carry out part of a Federal program or activity, but does not include an individual that is a beneficiary of such program.

“Vital document” is any paper or electronic form that contains information critical for accessing the recipient’s programs, services or benefits; letters or notices that require a response; letters and notices pertaining to approval, denial, reduction, or termination of services or benefits; and documents that inform participants of free language assistance.
“Vital information” means information, whether written, oral or electronic, that is necessary for an individual to understand how to obtain any aid, benefit, service, and/or training; necessary for an individual to obtain any aid, benefit, service, and/or training; or required by law. Examples of documents containing vital information include, but are not limited to: applications, consent and complaint forms; notices of rights and responsibilities; notices advising LEP individuals of their rights under the specific program, including the availability of free language assistance; rulebooks; written tests that do not assess English language competency, but rather assess competency for a particular license, job, or skill for which English proficiency is not required; and letters or notices that require a response from the beneficiary or applicant, participant, or employee.

“Written Translation” is the replacement of a written text from one language (source language) into an equivalent written text in another language (target language).

V. CIVIL RIGHTS COMPLIANCE PLAN REQUIREMENTS

(Instructions for F-00164)

INSTRUCTIONS FOR COMPLETING THE CRC PLAN

1. Recipient Contact Information (Appendix A)
   The same Recipient Contact Information and Signature Page completed for the CRC LOA should be used for this CRC Plan.

2. Funding Relationship to DHS, DCF or DWD (Appendix B)
   The same Funding Relationship to DHS, DCF or DWD form completed for the CRC LOA should be used for this CRC Plan.

3. Funded Programs Checklist (Appendix C)
   The same Funded Programs Checklist completed for the CRC LOA should be used for this CRC Plan.

4. Data Collection Section
   Each recipient and subrecipient must collect and keep civil rights compliance data to allow the State Agencies to ascertain whether the recipient or subrecipient has complied or is complying with applicable civil rights laws.
   Recipients and subrecipients must gather the following data:
   • Disability of applicants and participants with disabilities:
     o Information on the disability of an individual is confidential and voluntary. However, you may report the aggregate number of disabled individuals in the program or activity.
     o Participants and applicants who are disabled may self-identify or be asked to identify their disability.
   • Race and ethnicity data collection of participants and applicants.
     o In collecting race and ethnicity data, refer to ethnicity codes required by the Federal Office of Management and Budget.
   • Sex or gender, as self-identified by the individual.
   • Individuals with limited English proficiency:
     o Recipients and subrecipients are required to collect and report the number of LEP participants and the frequency of encounters in which the entity serves an individual LEP group.
     o Recipients and subrecipients should evaluate program applications and other data collection systems carefully to ensure that intake forms and data reporting systems are capturing and accurately collecting primary languages of LEP applicants and participants.
     o Recipients and subrecipients must collect data on the number of encounters they have with LEP individuals who are in need of an interpreter and how that service was provided (e.g., interpreter on-site; interpreter provided through LanguageLine).
     o Title I-financial assisted program recipients must record the limited English proficiency and preferred language of each applicant, registrant, participant, and/or terminated participant.
5. **Customer Service Population Data Analysis**

All recipients must complete a separate Customer Service Population Analysis (CSPA) for each program, service or activity funded through DHS, DCF or DWD. Do not submit the completed CSPA form(s) to DHS, DCF or DWD. The data may be requested at the time that a CRC review is conducted. Completing the CSPA provides recipients and subrecipients the opportunity to review individual program accessibility and determine whether there are barriers prohibiting protected groups from participating.

To complete the Customer Service Population Analysis Table, fill in ALL the blanks. Recipients should use the most recent racial and ethnic categories, based on the 2010 U.S. Census and other available data sources. Applicants and participants should be given the opportunity to self-identify, including those who wish to identify as “Multiracial” or “More Than One Race.” However, the data for Multiracial or More Than One Race will be aggregated into the five minimum race categories: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. Please note that there will be multiple counts for those who identify themselves as multiracial, persons with disabilities, and/or women, since one individual may have more than one of these characteristics. Recipients should not correct for duplication.

**A SEPARATE CUSTOMER SERVICE POPULATION ANALYSIS TABLE SHOULD BE COMPLETED FOR EACH PROGRAM OR ACTIVITY.** You can make extra copies of the table as necessary. The number of completed CSPA Table(s) should reflect the number of program(s) identified in the Funded Program Checklist.

To complete this analysis, recipients must first define the service area and determine what segment of the county or a multi-county area best represents its potential customers. To the extent possible, the analysis should be done for specific areas within a county if the program or activity is targeted to specific areas. For multi-county service areas, including consortia of county agencies, the counties can be combined into a service area.

To complete the analysis, recipients must also define what portion of the population of the service area is likely to be served or encountered by its program. For example, a recipient could operate a facility and program that is open to the entire population, or its programs and services could be limited to an eligible population of a certain age, disability, gender, minority, family size, or income group.

Points to consider in the summary of the customer analysis:

- The differences between the percent of the population (by category) eligible to be encountered and the percent of the population (by category) actually served in your service area must be calculated.
- The percentage of each category is calculated based on the total number of eligible population and the population actually served, respectively, as entered in the first line of the table.
- The difference between the percentages eligible for each category less the percentage served for each category is listed in the last row of the table. (Calculate the percentage difference, not the number difference).
- If the population of each category actually served is plus or minus 2 percentage points of the eligible population, that category of population is being effectively served.
- If the population in a category actually served is more than 2% greater than the eligible population, that category may be over-represented in the program’s customer population.
Over-representation may reflect the recipient is meeting the needs of that category, outreach efforts to that category are successful, or other factors that make that category more likely to be served. Over-representation of one category is not necessarily a sign that the program is not serving all of the categories of population equally, but it does mean one or more of the other categories may be under-represented.

- If a category of population actually served is more than the absolute value of -2% (for example, -3%, -4%, etc.), that category is under-represented in the program’s customer population. In the CRC Plan, the recipient should evaluate what factors may be contributing to that category being under-represented.

**Summary for Customer Service Data Analysis**—Complete a separate table as indicated for each program operated by the recipient.

**Note**: It is important to indicate the specific data source you used to complete your analysis. It will assist the State Agencies in reviewing the customer service analysis tables in the CRC Plan. The State Agencies suggest using the following data sources: U.S. Census Bureau; American Fact Finder; American Community Survey.

6. **Limited English Proficiency (LEP) Customer Data Analysis**

The purpose of the LEP analysis is to assist recipients with determining the level of obligation and the methods of providing oral interpretation and written translation language assistance to customers. The LEP analysis will also help your agency to determine which language groups are likely to be encountered to ensure that you provide meaningful access to LEP individuals in your service area.

The LEP analysis assists recipients plan for the translations of vital documents to meet the Federal “safe harbor” guidelines for written translation. The requirement that recipients translate vital documents is one way to provide meaningful access to LEP customers. Providing interpretation services at no cost to the LEP customer is a separate and distinct requirement, which generally entails providing qualified interpreters (in person or by telephone) at no cost to the LEP individual. In particular, for recipients whose customers access the service primarily in person or by telephone, such as an Income Maintenance (IM) Consortium, the analysis should examine the degree to which members of these language groups are being served and the steps the recipient needs to take to provide meaningful access to those individuals. If the language group is likely to be encountered, the recipient should be prepared to provide oral interpretation language assistance (in person or by telephone) at no cost to the LEP applicant or member.

**Note**: WIOA recipients of DWD and their subrecipients must include a “Babel Notice” indicating that language assistance is available for LEP individuals in all communications containing vital information, such as hard copy letters or decisions or those communications posted on Websites, that explains and provides a local number to contact to access the recipient's language services. Recipients may use the sample Babel Notice provided in Appendix E.

**Summary for LEP Data Analysis**—Complete a separate table as indicated for each program operated by the agency.

**Note**: It is important to indicate the specific data source you used to complete your analysis. It will assist the State Agencies in reviewing the customer service analysis tables in the CRC Plan.
The State Agencies suggest using the following data sources: U.S. Census Bureau; American Fact Finder; American Community Survey.

**Written Translation - “Safe Harbor”:** Recipients and subrecipients are required to provide written translations of “vital documents.” Vital documents are generally documents that affect access to, retention in, or termination or exclusion from a recipient’s program or activity. Vital documents include, but are not limited to, applications, consent forms, complaint forms, intake forms, certification materials, applications, notices and other correspondence produced by the entity that pertain to the commencement, continuation or termination of services or benefits or that require a response from an LEP individual, and notices regarding the availability of free language services for LEP individuals. Written translations of vital documents must be provided for each eligible LEP language group that constitutes 5 percent or 1,000, whichever is less, of the population of persons eligible to be served or likely to be affected or encountered by programs in the recipient’s service area. If there are fewer than 50 persons in the language group that reaches the 5 percent trigger, instead of translating the vital document, the recipient may provide written notice to the LEP language group of the right to receive competent oral language interpretation of those written materials at no cost.

**Note:** DHS, DCF and DWD are responsible for the translation of vital documents issued by the DHS, DCF and DWD, respectively. Recipients and subrecipients are responsible for translating their own vital documents.

Even if the vital documents are not required to be translated into a language group under the safe harbor rules, the recipient has an obligation to provide meaningful access to LEP persons in that language group. This can be accomplished by providing oral interpretation of those written materials at no cost to the LEP person.

**Oral Interpretation:** Your entity must have policies and procedures regarding oral interpretation. Recipients are required to notify and provide an LEP applicant or participant with an oral interpreter free of charge when an interpreter is requested. This is the most immediate need among LEP communities. The State Agencies strongly recommend that recipients and subrecipients undertake concerted effort to seek, find, and employ qualified interpreters who are trained in the appropriate program, medical or legal terminology; have received training on translators’ code of ethics and client confidentiality; and are competent in the culture of the LEP participant. Agency policies and procedures should address how staff will provide language access to customers by phone, by video, and on a walk-in basis.

Recipients using call centers and/or automated interactive phone systems must ensure sufficient instructions are provided to LEP customers in their language to enable their navigation and/or prompting of the system in an accurate and meaningful manner.

Recipients may partner with community-based organizations that serve LEP populations to assist with oral interpretation. Oral interpretation services may also be purchased on an as-needed basis. If a recipient serves a particular language group on a regular basis, a best practice is to employ bilingual staff.

Certain circumstances may require the recipient or subrecipient to assure that accurate interpretation is occurring. In instances where the LEP person insists on using an adult family member or friend as interpreter, recipients and subrecipients must ensure that the LEP individual understands that the agency would otherwise provide a qualified interpreter.
free of charge. In situations like this, recipients or subrecipients may wish to review the LEP individual’s interpretation rights and decision as to those rights using a written form. See Appendix E for an example.

**IMPORTANT:** Service provider agencies may not require that an LEP individual provide his own interpreter or rely on a family member or a friend (or other accompanying adult) to interpret or facilitate the communication. Children should not be relied on to serve as interpreters under normal circumstances (an exception may be made when there is an emergency or imminent threat to safety or welfare and there is no qualified interpreter, and only while awaiting a qualified interpreter). The recipient should not rely on staff other than qualified bilingual/multilingual staff to communicate with LEP individuals.

The State Agencies strongly recommend the use of well trained, qualified, competent interpreters. Using a non-professional interpreter may not provide meaningful access as the information may be conveyed incorrectly. Recipients should take into consideration issues of accuracy, conflict of interest, ethics, and confidentiality when arranging interpretation services.

The State Agencies encourage recipients to:

- Periodically check the DHS, DCF and DWD websites for reference materials.
- Go to LEP.gov, a Federal government interagency website, for LEP resources and information.
- Be aware of recent LEP refugee and immigrant populations in your service area that may not be reflected in census data but whom you may encounter in your programs and activities.

7. **Nondiscrimination Notification**
   Complete the Checklist by checking “Yes” or “No” for each statement and provide clarifying information and/or appendices as appropriate.

   Every recipient must use the appropriate Nondiscrimination Statement or Notice, depending on the source of the Federal funding. Please see Appendix C to assist determining which Federal Agency (HHS, USDA-FNS, or DOL), funds your program or activity. Appendix D provides the required nondiscrimination statements for HHS, USDA-FNS, and DOL.

8. **Function of an Equal Opportunity Coordinator and LEP Coordinator**
   Complete the Checklist by checking “Yes” or “No” for each statement and provide clarifying information and/or appendices as appropriate.

9. **Meaningful Access to Programs and Services**
   The checklist provided in the template form is to assist you to evaluate your program’s meaningful access to services by individuals who are LEP.

10. **Self-Evaluation of Accessibility to Programs and Services**
    Recipients of Federal financial assistance must not on the basis of disability:

    - Exclude a person with a disability from a program or activity;
    - Deny a person with a disability the benefits of a program or activity;
- Afford a person with a disability an opportunity to participate in or benefit from a benefit or service that is not equal to what is afforded others;
- Provide a benefit or service to a person with a disability that is not as effective as what is provided others;
- Provide different or separate benefits or services to a person with a disability unless necessary to provide benefits or services that are as effective as what is provided others; and
- Apply eligibility criteria that tend to screen out persons with disabilities unless necessary for the provision of the service, program or activity.

Recipients must:
- Provide services and programs in the most integrated setting appropriate to the needs of the qualified individual with a disability;
- Ensure that programs, services, activities, and facilities are accessible;
- Make reasonable modifications in their policies, practices, and procedures to avoid discrimination on the basis of disability, unless it would result in a fundamental alteration of the program;
- Provide auxiliary aids to persons with disabilities, at no additional cost, where necessary to afford an equal opportunity to participate in or benefit from a program or activity;
- Designate a responsible employee to coordinate their efforts to comply with Section 504 and the ADA;
- Adopt grievance procedures to handle complaints of disability discrimination in their programs and activities; and
- Provide notice that indicates:
  - That the covered entity does not discriminate on the basis of disability
  - How to contact the employee who coordinates the covered entity’s efforts to comply with the law
  - Information about the grievance procedures

See [HHS Disability Rights Guidance](#); see also [FNS Disabilities Requirements Webinar](#); see also [DOL Disability Employment Policy Resources](#).

Regulations implementing Section 504 and the ADA require recipients to evaluate their current services, policies and practices that do not or may not meet the nondiscrimination on the basis of disability requirements, and based on that evaluation, proceed to make the necessary modifications to come into compliance.

For more information about compliance with nondiscrimination on the basis of disability see: [DOJ ADA Primer](#).

The checklist in the CRC Plan template is to assist in determining a recipient’s compliance with nondiscrimination in services and programs on the basis of disability. Complete the checklist for each statement and provide clarifying information as appropriate.

11. **Discrimination Complaint/Grievance Procedures**

The Discrimination Complaint Form and Procedures provided in *Appendix F* is a model. Each State Agency has its own complaint procedures for addressing discrimination complaints. The recipient must develop and implement an effective system for handling complaints and grievances and may use the model in *Appendix F*. 
Complainants who disagree with an informal discrimination complaint investigation decision and who decide to pursue a formal complaint with the appropriate State Agency should be assisted in referring the complainant to the appropriate State Agency for further investigation, if warranted. DHS, DCF and DWD complaint forms are accessible on each State Agency’s website. To download or locate each agency’s complaint form and instructions go to the links below:

- **DHS:** [Instructions for Completing the Civil Rights Compliant Forms](#)

- **DCF:** Civil Rights Information
- **DWD:** Civil Rights Complaints

Complete the Discrimination Complaint/Grievance Checklist by checking “Yes” or “No” for each statement and provide clarifying information and/or appendices as appropriate.

If you use the model Discrimination Complaint Form and Procedures provided in **Appendix F**, attach it to your CRC Plan, including all translations needed in accordance with your agency's LEP requirements for written translations of vital documents. You are encouraged to use this model. If you do not use this model, include your agency's version as **Appendix F** to your CRC Plan. However, your form must include the same information as the model, and must be translated to languages that meet the recipient’s LEP obligation threshold for written translations of vital documents. If you have questions, please contact the appropriate representatives identified on page 12 (Technical Assistance).

Copies of the Equal Opportunity and LEP policies posted for the public must be completed and signed. Copies of the complaint policies, procedures, posters, and forms must be posted in highly visible and conspicuous places that are available for customers, patients, or program participants to read.

Age discrimination complaints involving recipients that administer USDA-FNS programs, services and activities must be filed directly with the U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410. Call toll free 866-623-9992 to request a form, 202-690-7442 (Fax), Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Services at: 800-877-8339, or 800-845-6136 (Spanish).

Instructions for Completion of Data Collection Table

Each recipient shall keep customer data records to enable the State Agencies to determine the recipient’s or subrecipient’s compliance with equal opportunity in service delivery. Recipients must collect racial, ethnic, gender, LEP, and disability data to illustrate the extent to which members of protected groups are beneficiaries of or participants in each Federally funded program. Recipients and subrecipients are not required to submit the data information to DHS, DCF or DWD, unless requested. The data collection requirement is needed to complete the Customer Service Population Analysis (CSPA) and LEP Customer Data Analysis (CDA) forms.

The data must be collected, retained and reported for each Federally funded program or activity for which the recipient or subrecipient receives pass-through funds from a State Agency. The data should be kept as part of the CRC Plan and will be reviewed when a desk audit is performed or an onsite monitoring visit is conducted.

For recipients that extend Federal financial assistance to another subrecipient, the subrecipient shall collect, retain and submit such data to the recipient that issued the contract.

Recipients and subrecipients must develop and maintain a data collection system to capture and report data in the following categories:

Race and ethnicity of participants
Changes in data collection requirements have resulted in a separation of data about ethnicity (i.e., Hispanic/Latino or not Hispanic/Latino) from data on race. In some cases, this will make comparisons difficult because older data collection systems included Hispanic/Latino as a racial group. Recipients and subrecipients must have a system to report the race and ethnicity of their participants.

The ethnicity codes required by the Federal Office of Management and Budget are:
- Hispanic/Latino
- Not Hispanic/Latino

The race codes required by the Federal Office of Management and Budget are:
- American Indian or Alaska Native
- Asian
- Black or African American
- Native Hawaiian or other Pacific Islander
- White
- More than one race (Recipient agencies are encouraged to collect more detailed information on population groups based on the U.S. Census 2010 race and ethnicity categories, provided that those who identify themselves as “Multiracial” or “More Than One Race” are aggregated into the five minimum set of race categories mentioned above.)

Other information that must be collected:
- Sex/Gender
- Persons with Disabilities in need of accommodations
- Primary Language
- Preferred Language
All recipients are required to have a data collection system that records:

- The number of LEP persons eligible to be served or likely to be affected or encountered by the program in the recipient’s service area.
- The number of oral interpretations requested by LEP applicants and participants and the number of LEP customers being served.
- A list of all vital documents that have been translated in written form for eligible LEP groups that meet the 5 percent or 1,000 population threshold.

Customer Service Population Analysis

Instructions for Completing Customer Service Population Analysis

The purpose of the CSPA is to determine if recipient is serving eligible participants in the protected categories in the same proportion they are represented in the total eligible population.

Step 1

- Recipients should complete a separate CSPA data chart for each program checked on the Funded Programs Checklist.
- Define the geographic service area for the program/activity.
- Define the data source(s) used to determine the eligible population likely to be served and the eligible population served and the time period for the data.

Note: If the eligible populations are the same for multiple programs, recipients can list multiple programs on the program/activity line.

Step 2

- “Eligible Population Likely to be Served or Likely to be Affected or Encountered” means the total number of individuals in the service area who may meet the eligibility requirements of a recipient’s program(s), whether or not they are currently being served.
- “Percent of Eligible Participants in Each Protected Category Likely to be Served or Likely to be Affected or Encountered” is computed by dividing the number of each category (race/ethnicity, women, and persons with disability) likely to be encountered by the total number of eligible population likely to be encountered in the service area.

Step 3

- “Eligible Population Served” means the number of participants who are enrolled or registered in a program or service administered by a recipient. For purposes of reporting, use the number of participants in a one-year calendar period.
- “Percent of Eligible Participants in Each Protected Category Served” is computed by dividing each category (e.g., race/ethnicity, women, and persons with disabilities) served by the total number of eligible population served in the service area.

Step 4

- Calculate the difference between the percent of the population (by category) eligible to be encountered and the percent of the population (by category) actually served in your service area for each line on the table.
- The percentage of each category is calculated based on the total number of eligible population and the population actually served, respectively, as entered in the first line of the table.
- The difference between the percent eligible for each category less the percentage served for each category is listed in the last row of the table. (Calculate the percentage difference, not the number difference).

**Data Source:**
Customer Service Population Data Analysis

Using the data table, determine the difference between the percentage of the total eligible population for each category and the population actually served for each category. Where a negative difference in percentage between the eligible population and the population actually served is more than the absolute value of -2% (e.g., -3%, -4%, etc.), please explain whether you believe that the result indicates recipient may not be providing service to potentially eligible participants in the particular categories.

Note: The WIOA program has an 80% adverse impact rule relevant to this analysis. Please contact the DWD Civil Rights Unit with any questions or for assistance.

What actions can be tried to improve program participation and encourage enrollment to categories of populations that are under-served? (Note: Depending on the applicable Federal programs, recipients may be required to take reasonable steps to conduct outreach to under-represented communities. Recipients may contact the appropriate State Agency for additional information on outreach).

It may be that denials of service (includes negative decisions, licensing activities, etc.) contribute toward lower than expected participation of a particular category. Explain whether such denials have been disproportionate for any specific protected groups within the one calendar year you looked at to complete the CSPA table:

Limited English Proficiency (LEP) Customer Data Analysis

Instructions for LEP Customer Data Analysis
The purpose of the LEP analysis is for recipients to plan for the translation of vital documents to meet the “safe harbor.” The analysis is also useful to determine which language groups are present in your service area, the degree to which members of these language groups are being served, and the steps being taken to improve language access to services and programs.

Your agency is required to provide meaningful access to all LEP customers, including on a walk-in, electronic, or telephone basis, which usually means providing an oral interpreter at no cost to the LEP customer. This analysis is intended to assist your agency with determining the size of each LEP group, the languages spoken in the service area and the methods your agency will use to ensure full and meaningful access to your programs and services.

Note: Oral language interpretation and translation of vital documents must be provided at no cost to the customer.

Step 1
- Recipients should complete a separate LEP Customer Data Analysis chart for each program checked on the Funded Programs Checklist.
- Define the geographic service area for the program/activity.
- **If the eligible populations are the same for multiple programs**, recipients can list multiple programs on the program/activity line.

Step 2
- Start with the total number of eligible persons likely to be served or encountered in the service area by your program from the Customer Services Population Analysis (CSPA) data table. This is the total number of potential clients for your program.
- Enter that number into Column (a) of the LEP data analysis.

Step 3
- Using the American Community Survey (ACS) data from the US Census Bureau, determine the count of LEP persons in the service area for the identified language groups. Other data sources could be consulted, including but not limited to local school district and community-based organization data, to validate the size of individual LEP groups not recorded or surveyed by the ACS.
- Depending on the size of the service area, you may need to estimate or extrapolate the count of LEP persons for the service area. For programs that have income or other eligibility criteria, you will need to further estimate the count of LEP persons in the service area that are eligible to participate in your program. Not every LEP person identified in the ACS data is eligible to participate in your program.
- Enter those numbers into Column (b) of the LEP data analysis, the number of “Eligible LEP Populations Likely to be Affected or Encountered in Service Area.” This means the total number of LEP individuals in the service area who may meet the eligibility requirements of the recipient’s program(s), whether or not they are currently being served.
Step 4
- Divide the number of eligible LEP individuals in the language groups in Column (b) by the total eligible population in Column (a) to determine the percent of the eligible population that may need language assistance. Determine the percentage for each language group.
- Enter the percentages in Column (c) to show the “Percent of Eligible LEP Population Served or Likely to be Encountered in Service Area.”

Step 5
- Using data from your records, indicate the actual number of LEP individuals served for each language group. (Note: Recipients funded by WIOA must also record the preferred language the LEP customer uses to communicate). Enter the number of persons served in Column (d).
- Recipients should record the language needs of clients as a data element in the client record database used by the program.
- The “LEP population served in the service area” is data that is useful in analyzing services provided to LEP populations.

Step 6
- Use the number in Column (b) and the percentage computed in Column (c) to determine if any of the LEP language groups served by the recipient meet the threshold for written translation of vital documents. If the LEP language group count is 1,000 or more persons, or the percentage is 5% or greater of the total eligible population, then written translation of vital documents is required for that language group.
- Circle “Yes” or “No” in the Safe Harbor written translation column to indicate that the agency will provide written translation of vital documents for that language group.
- If the percentage in Column (c) is 5% or greater that would otherwise trigger the translation of vital documents requirements, but the number of LEP persons in Column (b) is less than 50, the agency is not required to provide written translation of vital documents. However, LEP groups must receive written notice of their right to receive competent oral language interpretation and translation of vital documents.
- LEP individuals in all language groups must be provided meaningful access to information even if the 1,000 person or 5% triggers are not reached.

Note: Language assistance for oral interpretation and written translation must be provided to applicants and clients of programs at no cost to the individuals.

The State Agencies have provided the “Your Right to an Interpreter” poster which contains statements in 55 languages advising persons of their right to oral interpretation and translation of vital documents. The poster is designed to allow individuals to point to their preferred language so agencies can arrange for an interpreter competent in that language.

**Services to LEP Language Groups**

Please check all that apply to recipient’s service to the eligible language groups in your service area:

- [ ] Oral interpretation is provided upon request at no charge to an LEP customer.
- [ ] We hire bilingual staff with demonstrated proficiency in English and a second language, knowledgeable of specialized terms and concepts in English and the language they interpret, and have received training on skills and ethics of interpretation. (Training can be provided in-house or by an external agency. Documentation of language ability, training on specialized terms and concepts, and training on skills and ethics of interpretation should be maintained.)
- [ ] We routinely collect information regarding the LEP participant’s preferred primary language. The language information for each client is part of our database.
- [ ] We have identified and inventoried all vital documents for our programs or services and the inventory list is available for inspection.
- [ ] We routinely maintain a record of the number of language interpretation services that we offer and that we provide to LEP customers, on what date, how interpretation was provided (e.g., in person or by telephone), and in what language.
- [ ] The eligible LEP population that is likely to be encountered in our service area constitutes 5% or 1,000 persons; therefore, we provide written translation of vital documents.
- [ ] Where there are fewer than 50 people in the language group that reaches the 5% trigger; we provide written notice to those LEP groups in their primary language of their right to receive oral language interpretation and written vital materials, free of cost.
- [ ] For all documents, whether or not vital, we provide meaningful access to LEP individuals in all language groups. Meaningful access may be providing translation of the information orally.

Please discuss the nature of LEP-related discrimination complaints filed with the agency, both formal and informal, and resolution of LEP complaints over the last calendar year:

X. APPENDIX E: [ENTITY] LEP POLICY STATEMENT AND ACKNOWLEDGEMENT/REFUSAL OF INTERPRETER SERVICES

LIMITED ENGLISH PROFICIENCY POLICY STATEMENT
The (Entity) is committed to providing equal opportunity in all programs, services and activities to individuals who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English. Those individuals are referred to as limited English proficient, or “LEP.” Meaningful access to Federally funded programs and activities is required by Title VI of the Civil Rights Act of 1964 and its implementing regulations.

Meaningful access to LEP individuals is provided in two ways: Oral interpretation and written translation. Oral interpretation can range from on-site interpreters for critical services provided to a high volume of LEP persons, to access through commercially-available telephonic interpretation services. Written translation can range from translation of an entire document to translation of a short description of the document.

The entity fulfills this obligation by one or more of the following: hiring bilingual staff, hiring staff interpreters/translators, contracting for interpreters/translation services, using telephone interpreter lines, and/or using community volunteers. The entity understands that the interpretation/translation must be performed in a competent, confidential, ethical, and accurate manner at no cost to the LEP individual. The entity does not rely on the LEP individual to provide an interpreter.

If an LEP person requests to use a family member, friend or other adult as an interpreter, the entity makes the LEP person aware that the entity will provide a qualified interpreter at no cost to the LEP person. The entity respects the LEP person’s choice of interpreters. If the LEP person chooses a family member, friend, or other adult to interpret instead of one provided by the entity, the entity makes a record of that decision. If the entity believes the interpreter selected by the LEP person is not competent or appropriate, the entity supplements with its own qualified interpreter. Minors should not act as interpreters unless there is an emergency situation and another interpreter is not immediately available.

The entity records the number and date of instances in which interpretation was offered, what service was offered (e.g., staff, in-person contracted, telephone, etc.), whether it was accepted or whether the LEP individual selected their own interpreter, and in what language group the service was needed.

This entity monitors its changing demographics and population trends on an annual basis, to ensure awareness of the language needs in its service area.

The entity requires its subrecipients to comply with the LEP policies requirements.

To assist us in complying with all applicable limited English proficiency rules, regulations and guidelines, the LEP Coordinator is:

Name: ________________________________ Phone: - - -.

LEP customers are encouraged to ask for language assistance or discuss any perceived discrimination problems with him/her. Information about discrimination complaint resolution process is available upon request.
ACKNOWLEDGEMENT AND REFUSAL OF FREE INTERPRETATION SERVICES

(Recipient/Subrecipient): ______________________________ has offered you free interpretation services provided by a skilled and qualified interpreter who is trained to protect your privacy. That person understands your language and technical/legal words related to the program or service you are seeking or receiving.

You have the right to the free interpreter services described above. You also have the right to refuse that service and proceed with your own interpreter. YOU ARE NOT REQUIRED TO PROVIDE YOUR OWN INTERPRETER. If you choose to utilize your own interpreter, whether a family member or another person, that person may not have formal training and may commit, among others, the following errors:
• Give you or your service provider incorrect information;
• Add or leave out information;
• Learn information about you that you may not wish to be known;
• Tell other people information about you that would otherwise be private;
• Misunderstand your case manager, case worker, doctor, caregiver, or service provider.

(Recipient/Subrecipient) ______________________________ has explained to me, in my own language, the risks of refusing the offered trained interpreter. I understand these risks and choose to decline the interpretation services offered at no cost.

DECLARACIÓN DE POLÍTICA LEP Y RECONOCIMIENTO/RECHAZO DE LOS SERVICIOS DE INTERPRETES [DE LA ENTIDAD]

[ENTITY] LEP POLICY STATEMENT AND ACKNOWLEDGEMENT/REFUSAL OF INTERPRETER SERVICES

DECLARACIÓN DE POLÍTICA DE DOMINIO LIMITADO DEL INGLÉS
La (Entidad) se compromete a brindar igualdad de oportunidades en todos los programas, servicios y actividades a las personas que no hablan el idioma inglés como su idioma principal y que tienen una capacidad limitada para leer, escribir, hablar o entender inglés. A esas personas se les conoce como con dominio limitado del inglés, o "LEP". El Título VI de la Ley de Derechos Civiles de 1964 (Title VI of the Civil Rights Act of 1964) y sus reglamentos de implementación exigen un acceso significativo a los programas y las actividades financiadas con fondos federales.

El acceso significativo a las personas LEP se proporciona de dos maneras: interpretación oral y traducción escrita. La interpretación oral puede abarcar desde intérpretes en el lugar para los servicios críticos proporcionados a un alto volumen de personas LEP, hasta el acceso a través de los servicios de interpretación telefónica disponibles comercialmente. La traducción escrita puede ser desde la traducción de un documento completo hasta la traducción de una breve descripción del documento.

La entidad cumple con esta obligación mediante uno o más de los siguientes: contrata personal bilingüe, contrata intérpretes/traductores, contrata servicios de intérpretes/traducción, usa líneas telefónicas de intérpretes y/o utiliza voluntarios de la comunidad. La entidad entiende que la interpretación/traducción debe realizarse de manera competente, confidencial, ética y precisa, sin costo para la persona LEP. La entidad no depende de la persona LEP para proporcionar un intérprete.

Si una persona LEP solicita utilizar a un miembro de la familia, amigo u otro adulto como intérprete, la entidad le informa a la persona LEP que la entidad proporcionará un intérprete calificado sin costo para la persona LEP. La entidad respeta la elección de intérpretes de la persona LEP. Si la persona LEP elige a un miembro de la familia, amigo u otro adulto para interpretar en lugar de uno proporcionado por la entidad, la entidad hace un registro de esa decisión. Si la entidad cree que el intérprete seleccionado por la persona LEP no es competente o apropiado, la entidad suple con su propio intérprete calificado. Los menores no deben actuar como intérpretes a menos que haya una situación de emergencia y no haya otro intérprete disponible de inmediato.

La entidad registra la cantidad y la fecha de los casos en que se ofreció la interpretación, qué servicio se ofreció (por ejemplo, miembro del personal, persona contratada, teléfono, etc.), si fue aceptada o si la persona LEP seleccionó su propio intérprete, y en qué grupo de idiomas se necesitó el servicio.

Esta entidad monitorea los cambios demográficos y las tendencias de la población cada año, para asegurar que estén conscientes de las necesidades lingüísticas en su área de servicio.

La entidad requiere que sus subreceptores cumplan con los requisitos de las políticas LEP

Para ayudarnos a cumplir con todas las reglas, normas y pautas de dominio limitado del inglés aplicables, el Coordinador LEP es:

Federal civil rights laws prohibit discrimination of MEMBERS, APPLICANTS, ENROLLEES, AND BENEFICIARIES in any programs and activities that receive Federal financial assistance and that are run by State Agencies (DHS/DCF/DWD) directly or by its partners, local agencies, and contractors. Those laws prohibit recipients and subrecipients of Federal financial assistance from discriminating on the basis of race, color, national origin, sex, age, disability, and, in some programs, religious creed or political affiliation or beliefs, in their programs or activities, and in retaliating or engaging in reprisals against for opposing discrimination. If you were wrongfully denied services, or if the treatment you received was separate or different than others received, or if the program was not accessible to you, and you believe is was because of one or more of those protected bases, it may be discrimination. The precise nondiscrimination requirements depend on which Federal agency funds the program or activity.

XII. APPENDIX G: KEY TO ACCESSIBILITY SYMBOLS

BLIND OR HAVE LOW VISION

BLIND OR HAVE LOW VISION symbol may be used to indicate access for people who are blind or have low vision, including: a guided tour, a path to a nature trail or a scent garden in a park; and a tactile tour or a museum exhibition that may be touched.

SYMBOL FOR ACCESSIBILITY

SYMBOL FOR ACCESSIBILITY, known as the wheelchair symbol, should only be used to indicate access for individuals with limited mobility including wheelchair users. For example, the symbol is used to indicate an accessible entrance, bathroom or that a phone is lowered for wheelchair users. Remember that a ramped entrance is not completely accessible if there are no curb cuts, and an elevator is not accessible if it can only be reached via steps.

AUDIO DESCRIPTION

AUDIO DESCRIPTION is a service for persons who are blind or have low vision that makes the performing arts, visual arts, television, video, and film more accessible. Description of visual elements is provided by a trained Audio Describer through the Secondary Audio Program (SAP) of televisions and monitors equipped with stereo sound. An adapter for non-stereo TVs is available through the American Foundation for the Blind, 800-829-0500. For live Audio Description, a trained Audio Describer offers live commentary or narration (via headphones and a small transmitter) consisting of concise, objective descriptions of visual elements: i.e., a theater performance or a visual arts exhibition.

TELEPHONE TYPEWRITER (TTY)

TELEPHONE TYPEWRITER (TTY) device is also known as a text telephone (TT), or telecommunications device for the deaf (TDD). TTY indicates a device used with the telephone for communication with and between deaf, hard of hearing, speech impaired and/or hearing persons.

VOLUME CONTROL TELEPHONE

VOLUME CONTROL TELEPHONE symbol indicates the location of telephones that have handsets with amplified sound and/or adjustable volume controls.

ASSISTIVE LISTENING SYSTEMS

ASSISTIVE LISTENING SYSTEMS transmit amplified sound via hearing aids, headsets or other devices. They include infrared, loop and FM systems. Portable systems may be available from the same audiovisual equipment suppliers that service conferences and meetings.
SIGN LANGUAGE INTERPRETATION

SIGN LANGUAGE INTERPRETATION symbol indicates that Sign Language Interpretation is provided for a lecture, tour, film, performance, conference or other program.

ACCESSIBLE PRINT (18 pt. or Larger)

The symbol for large print is "Large Print" printed in 18 pt. or larger text. In addition to indicating that large print versions of books, pamphlets, museum guides and theater programs are available, you may use the symbol on conference or membership forms to indicate that print materials may be provided in large print. Sans serif or modified serif print with good contrast is important, and special attention should be paid to letter and word spacing.

THE INFORMATION SYMBOL

One of the most valuable commodities of today's society is information; to a person with a disability and others are essential. For example, the symbol may be used on signage or on a floor plan to indicate the location of the information or security desk, where there is more specific information or materials concerning access accommodations and services such as "LARGE PRINT" materials, audio cassette recordings of materials, or sign interpreted tours.

CLOSED CAPTIONING (CC)

CLOSED CAPTIONING (CC) symbol indicates a choice for whether or not to display captions for a television program or videotape. TV sets that have a built-in or a separate decoder are equipped to display dialogue for programs that are captioned when selected by the viewer. The Television Decoder Circuitry Act of 1990 requires TV sets (with screens 13" or larger) to have built-in decoders as of July 1993. Also, videos that are part of exhibitions may be closed captioned using the symbol with instruction to press a button for captioning.

OPENED CAPTIONING (OC)

OPENED CAPTIONING (OC) symbol indicates that captions, which translate dialogue and other sounds in print, are always displayed on the videotape, movie or television program. Open Captioning is preferred by many including deaf and hard-of-hearing individuals, and people whose second language is English. In addition, it is helpful in teaching children how to read and in keeping sound levels to a minimum in museums and restaurants.

BRAILLE SYMBOL

BRAILLE SYMBOL indicates that printed material is available in Braille, including exhibition labeling, publications and signage.
