

**WISCONSIN HEALTHCARE PERSONNEL
INFLUENZA VACCINATION - “80 PERCENT CLUB”
2012–13 INFLUENZA SEASON**

The following hospitals and nursing homes are members of the 2012–13 Wisconsin Division of Public Health “80 Percent Club.” A total of 100 (72%) of 138 reporting hospitals and 187 (69%) of 272 reporting nursing homes achieved healthcare personnel influenza vaccination rates of at least 80 percent. Congratulations to the staff in these facilities for this outstanding patient safety achievement.

HOSPITALS

Includes acute care, critical access, children’s and psychiatric hospitals.

An asterisk after the facility name indicates vaccination rates of at least 90 percent.
