The following information may help site administrators track their obligated providers’ beginning and ending dates. Tracking this information can help site administrators assist providers in applying for NHSC loan repayment continuation contracts on time, assess when providers are eligible to apply to other loan repayment programs, or determine if providers can receive site benefits that include a service obligation.

**How do I view a list of clinicians at my site and review their obligation end date?**

1. Log in on the homepage.

2. Once you’ve logged in you will see a list of sites for which you are the site administrator.
3. Choose the site you want to review and click on it. You should see a screen like this:

![Image of self-service portal]

4. Under self-service, click on “View Clinician Roster.” This will give you a list of all obligated providers at that site and the providers’ obligation start and end dates.
