Information cannot be entered in the ICN field. ForwardHealth will automatically assign an internal control number (ICN) when the claim is submitted.

The National Provider Identifier (NPI) under which the user is logged in will populate the Provider ID field for all providers except hospitals.

For users logged in with a hospital account, this field will have a drop-down menu containing the hospital’s main NPI and any sub-part NPIs assigned to that hospital.

From the Provider ID drop-down menu, select the NPI to be indicated on the claim being submitted.

This close-up shows the 'Provider ID' field with a dropdown menu open. The menu contains three options:

- 1234567890 NPI
- 1234567890 NPI
- 0987654321 SUB

An orange arrow points to the second option, '1234567890 NPI', with the text 'Click arrow to select sub-part NPI' next to it. The 'ICN' field is also visible above the dropdown.

This code applies when Medicare denies the claim for reasons related to policy (not billing errors), or the member's lifetime benefit, spell of illness, or yearly allotment of available benefits is exhausted.
- **8 Noncovered Mcare srv**—The service provided to the member was not billed to Medicare because the service is not covered under certain circumstances.

Note: The Medicare Disclaimer field should be used to indicate a claim by a Medicare provider for a member with Medicare coverage that the provider wishes to have processed as if it were a primary claim by ForwardHealth, that is, not secondary to Medicare. If a Medicare disclaimer is used, no information should be entered in the Medicare Information (Header) or the Medicare Information (Detail) panels.

20. The Other Insurance Indicator drop-down menu is no longer used on claims submitted on and after June 14, 2014, but remains on this panel for viewing claims submitted before June 14, 2014. If any information is entered in the Other Insurance Detail Information panel, all information must be supplied, even if it seems similar to information entered in the Other Insurance Header Information panel.

Figure 45 Other Insurance Detail Information Panel

Note: Other Insurance information should be added to the header or both the header and detail depending on how the individual carrier adjudicated the claim:

- If the other payer’s EOB to the provider contains detail-specific information, the information should be added to both the header and detail.
- If the other payer adjudicated the claim only at the header (no detail-specific information), the provider can only enter header information.
- If there is more than one other payer involved, it is possible for one payer to be entered only in the header and the other in both the header and detail depending on how the individual carriers adjudicated the claim.

To enter an Other Insurance detail:

1. If there is more than one carrier in the Other Insurance Header Information panel, scroll up to that panel and click the appropriate carrier to add the detail information for that carrier to those fields. The page will refresh and the carrier will be highlighted.
