1 Introduction

Providers may submit institutional claims directly to ForwardHealth using Direct Data Entry, an online application, available through their secure provider account on the ForwardHealth Portal. Using the institutional claim form, providers may submit several types of claims, including inpatient, outpatient, home health, hospice, and long term care. This user guide provides general instructions for completing an institutional claim through the Portal. For detailed instructions, refer to the UB-04 Claim Form completion instructions in the applicable service area of the ForwardHealth Online Handbook.

3.1 Institutional Claim Panel

Users may enter a claim’s header information on the Institutional Claim panel.

*Note:* Fields marked with an asterisk (*) are required fields.

![Institutional Claim Panel](image)

Information cannot be entered in the ICN field. ForwardHealth will automatically assign an Internal Control Number (ICN) when the claim is submitted.

The National Provider Identifier (NPI) under which the user is logged in will populate the Provider ID field for all providers except hospitals.

For users logged in with a hospital account, this field will have a drop-down menu containing the hospital’s main NPI and any sub-part NPIs assigned to that hospital.

From the Provider ID drop-down menu, select the NPI to be indicated on the claim being submitted.

![Provider ID Drop-Down Menu for Hospital Accounts](image)

7. Enter the NPI of any other provider who was in attendance during a service that was performed or provided prior to the member being admitted to the institution in the Other Provider field.

*Note:* If a field exists at both the header and detail level, enter the information in one or the other but not necessarily both. The header will apply automatically to all details. Enter information at the detail only if different than the header value for these details.

8. Enter a brief description in the Notes field if additional information is needed to substantiate the medical treatment indicated if the information is not supported elsewhere on the claim form.

- **8 Noncovered Mcare srv** — The service provided to the member was not billed to Medicare because the service is not covered under certain circumstances.

Note: The Medicare Disclaimer field should be used to indicate a claim by a Medicare provider for a member with Medicare coverage that the provider wishes to have processed as if it were a primary claim by ForwardHealth, i.e., not secondary to Medicare. If a Medicare disclaimer is used, no information should be entered in the Medicare Information (Header) or the Medicare Information (Detail) panels.

![Other Insurance Detail Information Panel](image)

**Figure 44** Other Insurance Detail Information Panel

*Note:* Other Insurance information should be added to the header or both the header and detail depending on how the individual carrier adjudicated the claim:

- If the other payer’s EOB to the provider contains detail-specific information, the information should be added to both the header and detail.

- If the other payer adjudicated the claim only at the header (no detail-specific information), the provider can only enter header information.

- If there is more than one other payer involved, it is possible for one payer to be entered only in the header and the other in both the header and detail depending on how the individual carriers adjudicated the claim.

To enter an Other Insurance detail:

1. If there is more than one carrier in the Other Insurance Header Information panel, scroll up to that panel and click the appropriate carrier to add the detail information for that carrier to those fields. The page will refresh and the carrier will be highlighted.

![Other Insurance Header Information](image)
