

WISCONSIN CHRONIC DISEASE PROGRAM INCOME DEDUCTIBLE

Under current policy, if your anticipated total family annual income is greater than or equal to 200 percent of the Federal Poverty Level (FPL), you are required to pay a percent of your income as out-of-pocket expense before the Wisconsin Chronic Disease Program will reimburse your medical expenses. This out-of-pocket expense is your income deductible.

The income deductible percentage is based on a formula using the FPL and the family size and income level you report to the Chronic Disease Program each year in the Financial Need Statement. To determine your percent of income deductible, refer to the income deductible charts.

For example, assume that you have an annual income of \$35,000 and a family size of two. Your income deductible is 0.5% of \$35,000 or \$175. You must pay \$175 out of pocket for eligible medical expenses before the Chronic Disease Program can begin to reimburse providers. You may calculate your own income deductible using the tables below. Contact your social worker or the Chronic Disease Program for assistance if needed.
