## Wisconsin Food Equipment Committee

### Equipment Comparable Compliance Guidelines

Department of Health Services

Department of Agriculture,  
Trade and Consumer  
Protection

## Wisconsin Food Equipment Committee

## Pre-approved non-ANSI Equipment

## Pre-approved non-ANSI Equipment (cont'd)

### Mission

The committee will review non-certified food equipment for compliance with the intent of the Wisconsin Food Code and make recommendations to the Department of Health Services (DHS) and the Department of Agriculture, Trade and Consumer Protection (DATCP) to approve or deny the use of such equipment in licensed retail facilities and restaurants.

### Authority and Scope

The Wisconsin Food Equipment Committee has no approval authority under Wisconsin Statutes. The committee is formed by DHS and DATCP to satisfy Wisconsin Food Code Requirement under § DHS 196 4-205.11(B), *“food equipment that is not certified or classified for sanitation by an American National Standards Institute (ANSI)-accredited certification program shall be approved by both the department of health services and department of agriculture, trade and consumer protection.”*

The following food equipment does not need to be ANSI certified and can be used in a retail facility or restaurant as long as it is maintained in good repair and in sanitary conditions.

### Cooking/Reheating

- Microwave
- Coffee maker
- Electric griddles (with removable plates only)
- Panini grills
- Top loading toasters
- Rice cooker (with removable insert only)
- Induction burner
- Waffle irons
- Roasters (Nesco-type) with removable insert and temperature dial (for reheating only)

### Hot Holding

- Roasters (Nesco-type) with removable insert and temperature dial
- Slow Cookers (with removable insert and for holding non-time/temperature-control-for-safety foods (TCS) only)

### Cold Holding

- Freezer (for storage of frozen products only)
- Homestyle/dorm cooler (for holding non-time/temperature-control-for-safety foods (TCS) only and should always be replaced with a commercial unit)

### Other

- Blenders
- Hand-held mixers
- Coffee grinders
- Plastic food containers (Tupperware, Rubbermaid, Ziploc bags)
- Wooden sushi rollers (wrapped and changed every 4 hrs.) and oke/hangiri bowls
- Plates, flatware, utensils, pots, pans

*Food equipment not meeting ANSI standards that are not smooth and easily cleaned and/or are not maintained clean and in good repair should be removed at the inspector's discretion and does not need to go through the committee review process.*
