INTRODUCTION

Wisconsin Act 251

2013 Wisconsin Act 251 created § 51.42 (7)(d) of the statutes directing the Department of Health Services (DHS) to prepare a report describing mental health services and programs provided by counties and multi-county regions across Wisconsin. DHS submits this report in fulfillment of this requirement.

Scope of Report

Under Wis. Stat. § 51.42, counties are directed to provide or contract for public information, prevention, assessment, inpatient, residential, partial hospitalization, outpatient, emergency and supportive transitional services within the limits of available state, federal and county funds. Services are to be provided for persons having mental health, substance use and developmental disability needs.

Counties are required to report to DHS the mental health and substance abuse services they deliver to clients for whom they are responsible to provide care, regardless of payment source. County agencies may provide services in their own facilities and clinics or they may contract with private agencies to provide services. Clients included in this report may also receive additional services from private providers that work independently from counties, but such services are not reported by counties and thus are not included in this report.

This report has been completed using data available to DHS, including data reported by counties through the Program Participation System (PPS). PPS is a statewide client information system that contains data on mental health and substance abuse services authorized by county departments of community programs and human services departments. Counties report the services provided to clients in PPS by Service Program Category (SPC). PPS data are also used to meet federal reporting requirements associated with the community mental health and substance abuse prevention and treatment block grants received by the Department.

The time period for the client data in this report is calendar years (CY) 2012 and 2013. CY 2014 data will not be available until mid-2015 so it will be included in the next report (January 2017). The 2012-2013 time period precedes the allocation of new state funding for several mental health initiatives that occurred in 2014. Data regarding these new initiatives will also be included in the next report.

Data Tables

This report provides listings of services delivered to consumers across the state as reported by counties and regions through PPS. Summary tables of services provided to consumers include:

- Table 1: Count and per capita number of consumers receiving mental health services in each county/region and statewide across Wisconsin during CY 2012 and CY 2013 (along with the population and percent living in poverty in each county or region);

- Table 2: Count and per capita number of consumers receiving substance abuse services in each county/region and statewide across Wisconsin during CY 2012 and CY 2013 (along with the population and percent living in poverty in each county/region);
- Table 3: Count of consumers who received mental health services by service type, in each county/region and statewide across Wisconsin, during CY 2012;
- Table 4: Count of consumers who received mental health services by service type, in each county/region and statewide across Wisconsin, during CY 2013;
- Table 5: Count of consumers who received substance abuse services by service type, in each county/region and statewide across Wisconsin, during CY 2012; and
- Table 6: Count of consumers who received substance abuse services by service type, in each county/region and statewide across Wisconsin, during CY 2013.

Data Notes and Limitations

Important notes and limitations about the data included in this report:

- This report includes data on both mental health and substance abuse services. Many people with mental health needs have co-occurring substance abuse needs and many agencies now have joint units of staff to address these needs. Therefore, substance abuse services for persons having substance use needs alone or co-occurring needs are also included in this report.
- Counts of persons receiving services during CY 2012 or CY 2013 are those data received as of December 2014. The counts are provided to give the reader a general idea of the service volume in counties. Counts and per capita rates of persons served will vary across counties and years based upon community needs, available funds, and completeness of data submissions.
- Service type categories in Tables 3-6 are summary level categories. Services included in a service type category are detailed in Appendix II (mental health) and Appendix III (substance abuse).
- A significant state data system platform change occurred during the 2012-2013 period when DHS migrated to PPS. In addition, at least 25 percent of counties were in varying stages of implementing new county data systems during the 2012-2013 time period. In some cases, counties' resources were stretched thin and could have led to less than complete data submission.
- Clients are counted only once (unduplicated) within a service category or grouping regardless of how many times they received that service. However, an individual client may be counted in more than one service category or grouping. For example, if a client received both medication management services and individual counseling services, he/she would be counted once for each service received.

- Services rendered to fewer than 25 people are simply shown in the tables as “<25” to protect client confidentiality and comply with federal Health Insurance Portability and Accountability Act (HIPAA) requirements.
- Coordinated Service Teams (CST) data during this time period was reported through a data system separate from PPS. However, there is some overlap between the two data systems. As a result, a small number of children may be counted twice in this report. This issue will be avoided in the next report because CST data was migrated to the PPS system in 2014.

Appendices

The following appendices are included at the end of this report:

- Appendix I indicates which of the various integrated home and community mental health and substance abuse programs (CSP, Crisis, CCS, CRS and CST) were available in each county or region as of August 2013 and are therefore within the scope of this report.
- Appendix II lists mental health services and SPC codes that are included in each service type category in Tables 3 and 4.
- Appendix III lists substance abuse services and SPC codes that are included in each service type category in Tables 5 and 6.
- Appendix IV provides definitions for each of the mental health and substance abuse services organized by SPC code.

Comments

The Department encourages suggestions to make this report more useful. Questions, comments or suggestions about this report may be directed to: Kay Cram, Kay.Cram@dhs.wisconsin.gov, c/o Department of Health Services (DHS), Division of Mental Health and Substance Abuse Services, 1 W. Wilson St., PO Box 7851, Madison, WI 53707.

(1) Reporting Unit Name: County or Region (group of counties).

(2) Population (2010): County population, from Wisconsin Taxpayers Alliance (via <http://www.dhs.wisconsin.gov/areaadmin/HSDPgms.asp>).

(3) Percent in Poverty (2012): Percent of county population from US Census - Small Area Income and Poverty Estimates (SAIPE) (SAIPE Interactive Data Tool: <http://www.census.gov/did/www/saipe/data>).

(4) Count of MH Consumers Served (2012): Number of consumers who received mental health services during 2012.

(5) Per Capita MH Consumers Served (2012) = [(4) Count of MH Consumers Served (2012) / (2) Population (2010) * 1,000].

(6) Count of MH Consumers Served (2013): Number of consumers who received mental health services during 2013.

(7) Per Capita MH Consumers Served (2013) = [(6) Count of MH Consumers Served (2013) / (2) Population (2010) * 1,000].

Note: The Wisconsin state map used in this report came from www.wiroots.org and is used with permission from Ellen Rohr, Linking Your Past Research Service, Brookfield, Wisconsin.

(* Counties with 200 or more consumers in 2012 and a 25% or greater decrease in per capita consumers served from 2012 to 2013 were contacted to ascertain perceived reasons for the decrease. Reasons provided by the counties for the numbers reported included: a decline in the need or requests for publicly-supported services; delays in submitting services data while implementing new local data systems; or delays in submitting data due to time-consuming and costly programming changes to local data systems to meet changing state and federal data requirements.

Table 2: Count and Per Capita Substance Abuse (SA) Consumers Served, by County/Region and Statewide, CY 2012 and CY 2013

| (1) Reporting Unit Name | (2) Total Population (2010) | (3) Percent in Poverty (2012) | (4) Count of SA Consumers Served (2012) | (5) Per Capita SA Consumers Served (2012) | (6) Count of SA Consumers Served (2013) | (7) Per Capita SA Consumers Served (2013) |

(1) Reporting Unit Name: County or Region (group of counties).

(2) Population (2010): County population, from Wisconsin Taxpayers Alliance (via <http://www.dhs.wisconsin.gov/areaadmin/HSDPgms.asp>).

(3) Percent in Poverty (2012): Percent of county population from US Census - Small Area Income and Poverty Estimates (SAIPE) (SAIPE Interactive Data Tool: <http://www.census.gov/did/www/saipe/data>).

(4) Count of SA Consumers Served (2012): Number of consumers who received substance abuse services during 2012.

(5) Per Capita SA Consumers Served (2012) = [(4) Count of SA Consumers Served (2012) / (2) Population (2010) * 1,000]

(6) Count of SA Consumers Served (2013): Number of consumers who received substance abuse services during 2013.

(7) Per Capita SA Consumers Served (2013) = [(6) Count of SA Consumers Served (2013) / (2) Population (2010) * 1,000]

Note: The Wisconsin state map used in this report came from www.wiroots.org and is used with permission from Ellen Rohr, Linking Your Past Research Service, Brookfield, Wisconsin.

(*) Counties with 200 or more consumers in 2012 and a 25% or greater decrease in per capita consumers served from 2012 to 2013 were contacted to ascertain perceived reasons for the decrease. Reasons provided by the counties for the numbers reported included: a decline in the need or requests for publicly-supported services; delays in submitting services data while implementing new local data systems; or delays in submitting data due to time-consuming and costly programming changes to local data systems to meet changing state and federal data requirements.

Table 3: Count of Mental Health Consumers Served, by Service Type, by County/Region and Statewide, CY 2012

| County/Region | Community Support Program (CSP) | Comprehensive Community Services (CCS) | Community Recovery Services (CRS) | Coordinated Services Teams (CST) | Crisis Intervention / Emergency Outpatient | Emergency Detention (ED) | Inpatient Services | Residential Services | Partial Day Services | Court Services | Medication Management | Intake Assessment | Case Management | Outpatient Services | Supportive Services | Other Services |

APPENDIX IV: Mental Health and Substance Abuse Service Definitions

Definition of Service Program Category (SPC), by SPC Code

101 CHILD DAY CARE – CRISIS/RESPIRE

The provision of services to children that includes care in settings such as: 1) a day care center; 2) the home of another; or 3) in their own home. The purpose of these services is to meet crisis or respite needs, prevent or remedy abuse or neglect, alleviate stress in the family, or preserve the family unit. Services strive to facilitate the child's social, physical, cognitive and emotional growth. Includes resource recruitment and development and regulation/certification activities.

102 ADULT DAY CARE

The provision of services to adults in a certified natural or supportive service (day center) setting for the purpose of providing an enriched social experience, protection and supervision during part of the day to enhance or maintain the integrity of families under stress, prevent abuse and neglect and/or prevent their placement into alternate living arrangements. Typical services may include, but are not limited to, personal care and supervision. Benefits include the provision of food. Management functions which may be performed include, but are not limited to, resource recruitment and development, and regulation/certification. Includes transportation specifically for access to this program. Includes certified adult care when provided in a senior center. Senior center activities not provided as part of a certified adult day care program should be classified under Recreation/Alternative Activities. Excludes day center services for adults with developmental disabilities, which are classified within the Day Center Services/Treatment Program. Excludes in-home services provided primarily for the purpose of improving the daily living skills of developmentally disabled adults, which are classified within the Daily Living Skills Training Program.

103 RESPIRE CARE

The provision of services to clients who are either caregivers or their dependents for the purposes of providing the primary caregiver temporary relief, relieving the primary caregiver of the stress of giving continuous support, providing the dependent client adequate care and supervision in a home-like environment (unlicensed) and reducing the need for placement of the dependent person outside of the home. Services to the primary caregiver may include case planning, monitoring and review. Services for the dependent person may include personal care and supervision. The Respite Care Program includes only care that is delivered in the home of the primary caregiver, dependent person, friend or relative, the home of the respite care provider or in those freestanding facilities which primarily serve as respite care centers. Excludes certified child care for the purpose of respite, which should be classified as Child Day Care. Excludes monitoring of care except in those instances when this is done by a client's case manager as an integral part of the Case Management/Service Coordination Program. Excludes all types of in-home care or training that is not directly related to relief for the primary caregiver.

104 SUPPORTIVE HOME CARE

The provision of services to maintain clients in independent or supervised living in their home or the home of their friends or relatives who help them meet their daily living needs, address their needs for social contact, ensure their well-being, and/or reduce the likelihood that they will be placed into alternate living arrangements. Services may include, but are not limited to, household care, personal care and supervision. Includes supervised apartment living, senior companion activities, telephone reassurance, and friendly visiting. Includes payments to maintain an individual in the independent living arrangement. Counseling/psychotherapy in a person's own home is part of the Counseling/Therapeutic Resources Program. Excludes nonemergency 24-hour care in an adult's or child's own home for the purpose of respite, which should be classified as Respite Care. Excludes home and financial management training activities, which should be classified as Daily Living Skills Training.

106 HOUSING/ENERGY ASSISTANCE

The provision of services to clients in a natural or supportive service setting for the purpose of enabling persons to obtain safe, healthful, and affordable housing. Services may include, but are not limited to, advocacy, assessment/diagnosis, and referral. Includes working with landlords and others to upgrade substandard housing, improving safety and preventing/reducing health hazards, assessing housing needs, locating appropriate housing, referral to existing resources for housing repairs, and making arrangements

for moving (as well as payment of moving expenses). Includes repairs and remodeling, winterization/weatherization, and the costs of fuel or utilities. Placement of persons into independent living from alternate living settings is classified under programs for those settings. Unskilled routine home maintenance tasks are part of the Supportive Home Care Program.

107 SPECIALIZED TRANSPORTATION AND ESCORT

The provision of transportation and transportation-related supervision to the elderly, handicapped, or other persons with limited ability to access needed community resources (other than human services). Includes provision of tickets or cash for their purchase designed to provide safe, comfortable, and accessible conveyance. Limited to that transportation which assists in improving a person's general mobility and ability to perform daily tasks such as shopping, visiting with friends, competitive employment, etc., independently. Excludes transportation which is provided principally to access services purchased or provided by a county social or human services department, 51 Board, or county aging unit, which should be classified under the program or programs to which the transportation provides access.

108 WORK-RELATED SERVICES

The provision of services in integrated community work settings, specialized facilities (e.g., sheltered workshops), or other settings for purposes of enabling clients to participate in work, develop work and related abilities, improve work performance, and/or remove obstacles to gainful employment. Services may include, but are not limited to: education/training; transportation (when work related); marketing of products; assessment/diagnosis; case planning, monitoring and review when done by work-related service providers; and supervision. Management functions that may be performed include, but are not limited to, resource recruitment, development and contracting. Includes wages paid for work performed, training stipends, incentives for employer to provide on-the-job supervision, or items needed for employment. Includes sheltered employment, work activities, supervision of work in community settings, Job Training Partnership Act (JTPA), and displaced homemaker's services. Excludes Supported Employment as defined in SPC of that name.

110 DAILY LIVING SKILLS TRAINING

The provision of services to clients whose health or well-being is at risk of deteriorating or for whom development is delayed due to inadequate knowledge or skills in routine daily living tasks. Services are intended to improve a client's or caretaker's ability to perform routine daily living tasks and utilize community resources. Services that are educationally focused and are not primarily designed to provide substitute task performance include, but are not limited to: education/training; assessment/diagnosis; and case planning, monitoring and review. Management functions include, but are not limited to, resource recruitment and development. Includes intensive in-home services that teach parenting skills to parents of children with special parenting needs. Includes the teaching of child rearing skills, training on the preparation and management of a household budget, maintenance and care of the home and preparation of food. Includes services provided primarily in a natural setting such as those performed by a home trainer for children age 0-2, and skill training for clients of all ages living in natural settings. Includes daily living skill training for parents and other family members, foster parents, adult family home members, and persons involved in apartment living programs. Excludes intensive home and community treatment services. Excludes recreational activities. Also excludes household care and personal care, which should be classified under the Supportive Home Care Program.

112 INTERPRETER SERVICES AND ADAPTIVE EQUIPMENT

The provision of services and material benefits to clients whose ability to access, participate and function in their community or homes is limited by physical, sensory or speech impairments, or lack of ability to effectively communicate in English, in order to maximize their opportunities to fully participate and function effectively in all aspects of community life, and to improve the community by making it fully accessible to all of its members. Services include the purchase or direct provision of bilingual interpreters for persons with limited English skills or interpreters capable of facilitating communication for persons with hearing impairments and others. Material benefits include cash for the purchase or provision of these services or items such as medically related equipment, adaptive aids or communication devices. Management functions include resource recruitment and development associated with locating qualified interpreters. Includes interpreter services directly associated with familiarizing immigrants with Western culture in general and the life styles of their particular resettlement communities. Includes reader services for persons who are blind or visually impaired and other forms of communication assistance for persons with brain injuries or speech

impairments. Includes cash payments to clients or vendors for purchase of equipment, agency purchase of equipment, or those costs associated with the maintenance of these items. Types of items include adaptive household modifications such as ramps, vehicle modifications, prosthetic or orthotic devices, communication devices, signaling devices, aids and telecommunication devices for the deaf, aids and appliances for blind or visually impaired persons, special safety equipment, special clothing, etc. Excludes training of service providers for purposes of developing or improving the ability of their bilingual or signing staff to deliver services. Excludes the activities of staff that possess bilingual or signing skills functioning in other programs.

202 ADULT FAMILY HOME

The provision of a structured residential living arrangement for the purpose of providing care and support to adult clients whose physical, developmental, and emotional functioning is likely to be maximized in a family or other home-like living arrangement for less than five adults. Services in the family home may include, but are not limited to: supervision, dietary, personal care, and education/training. Material benefits include food and housing. Includes homes serving three or four residents which are licensed as CBRFs when the home is also the residence of the sponsor and homes certified under Ch. DHS 81. Includes recruiting and certifying of adult family homes as well as locating, arranging for, and monitoring an adult family home placement when not an integral but subordinate part of case management.

203 FOSTER HOME

The provision of a loving, caring, and supportive substitute family to children for a short- term period (or long-term in approved situations). Services to clients provided by foster parents may include, but are not limited to: supervision, dietary, personal care, and transportation. Materials benefits include: food, housing, items, and clothing. Includes recruiting and licensing of foster homes. Includes locating, arranging for, and monitoring a foster home placement. Also includes activities involving foster homes in which there is a pending adoption.

204 GROUP HOME

The provision of services in a community based group living setting to children for whom a living arrangement with peers or siblings is judged to be most beneficial. Services to clients may include, but are not limited to: supervision, dietary, personal care, and transportation. Benefits include: food, housing, items, and clothing. Includes recruiting and licensing of group home placements by persons other than the group home provider. Excludes adult group homes licensed as CBRFs which are classified as part of the Community Based Care/Treatment Facility Program.

205 SHELTER CARE

The provision of short-term services, often under emergency conditions, in an alternative living setting or the home of another, to persons who need a temporary place to stay pending resolution of problems in their own home or until an appropriate living setting can be secured. Services may include, but are not limited to: supervision, dietary, and counseling/psychotherapy. Benefits include food and housing. Includes locating, arranging for, and monitoring placement in shelter care facilities. Includes care in unlicensed settings which serve as shelters (e.g., for victims of domestic or child abuse). Includes all care provided by a shelter care facility licensed under DHS-59 (formerly PW-CY-45). Includes 24-hour care of a person in the home of a friend, relative, or neighbor during the temporary absence of the regular caregiver (e.g., hospitalization of a parent).

301 COURT INTAKE AND STUDIES

The provision of services essential to the provision of reports and recommendations to the court. Services may include, but are not limited to: assessment/diagnosis; and case planning, monitoring, and review. Includes custody studies, mediation and monitoring pursuant to divorce actions. Includes Chapter 51 commitment evaluations other than those done by inpatient facilities. (Primary focus is upon reports to the court required under Wis. Stat. chs. 48, 51, 55.) Excludes studies and recommendations pertaining to proposed adoptions which should be classified under the Adoptions Program. Also excludes child abuse and neglect investigations which should be classified under Intake Assessment.

303 JUVENILE PROBATION AND SUPERVISION

The provision of services to probationers and juveniles under either county department of social or human services or court formal or informal "supervision", for the purpose of monitoring behavior and preventing continued criminal or delinquent activities or other unacceptable behavior brought to the attention of the juvenile justice system. Includes home supervision of delinquents, status offenders, and CHIPS. Services may include, but are not limited to: case planning, monitoring, and review and referral. Includes payment of rent in a court ordered supervised independent living arrangement. Excludes restitution by persons other than those responsible for supervision (e.g., restitution project staff) which should be classified as Restitution. Excludes supervision of children receiving aftercare following release from a correctional institution which should be classified as Juvenile Reintegration and Aftercare Services. Excludes the provision of an appropriate alternative living standard program.

403 RECREATION AND ALTERNATIVE ACTIVITIES

The provision of services in a natural or supportive setting to persons who are socially or physically inactive, or whose activities are socially inappropriate, for the purpose of increasing their participation in constructive leisure time activities which enhance their dignity, support their independence, and/or encourage their involvement in and with the community. Services may include, but are not limited to: supervision, education/training, and transportation. Management functions which may be performed include, but are not limited to: resource recruitment and development related to development of recreational opportunities. Includes physical education or exercises for senior citizens (as well as senior center activities), Big Brothers, camping experiences, YMCA, YWCA, 4-H, mentoring activities for children receiving mental health services, and other group activities. Excludes recreational services provided as an integral part of a day services center/treatment program.

406 PROTECTIVE PAYMENT/GUARDIANSHIP

The provision of services to persons who have an agency as a guardian and/or who have demonstrated a lack of ability to use their funds properly by a person or authorized agency responsible for managing the client's money or supervising the client's use of funds. Services which are to ensure that the intended benefits of a money grant are used in the best interests of the beneficiary may include, but are not limited to: case planning, monitoring, and review; and supervision. Includes recruitment and development of protective payees as an agency resource. Includes reimbursement to individuals and authorized agencies for related services and administrative expenses. Includes the services of an individual or corporate conservator, temporary guardian, guardian of the person and/or guardian of the estate. Includes the services of a representative payee in SSI/Social Security Administration cases in which representative payees are required. Corporate guardianship services under this program include recruitment and development of families and interested citizens who may serve as guardians for mentally incompetent individuals. Includes travel and other expenses incurred by conservators, representative payees and guardians. Excludes services designed primarily to teach money management skills which should be classified under Daily Living Skills Training. Excludes guardianship services for purposes of adoption which are part of the Adoptions Program.

408 COMMUNITY PREVENTION, ORGANIZATION, AND AWARENESS

The provision of services to the general public or targeted segments of the public for the primary purpose of preventing disabilities or social and community problems and promoting mental or physical health and improved social and community functioning. Services, which are typically provided to groups at risk, or the community at-large, include but are not limited to: public information, and education/training. Includes a wide variety of activities designed to make constructive changes in community conditions to help prevent disabilities or social or community problems as well as the development of positive youth programs and/or self-help groups. Includes the providing of factual information on disabilities and their prevention, on family and social problems and on good health and living practices. Includes the development and use of school and other curricula and printed and audiovisual educational and training materials which focus on the prevention of disorders and the coordination of all aspects of programming with other community agencies and groups. Includes presenting of factual information for the purpose of enhancing the competence of communities to accommodate or support elderly and disabled persons or other persons such as non-English speaking who otherwise would have difficulty accessing their community (e.g., influencing local transport system or street departments to better accommodate wheelchairs). Includes presentations and information directed at increasing public awareness of changes needed in the community to address the needs of children, elderly and the disabled. Excludes any services which are delivered to an agency client which may be part of this client's

service or treatment plan. Excludes public information and other services whose main purpose is administrative, such as obtaining public input into agency plans, reports to governing boards and funding sources which should be classified as Agency/System Management. Excludes public information intended to recruit agency resources such as foster homes, which should be classified under the appropriate program (e.g., Foster Home). Excludes services provided when the primary intent is socialization (e.g., senior centers and companions, day care, congregate meals) or family planning, even if risk reduction is achieved for some individuals.

501 CRISIS INTERVENTION (DHS Chapter 34)

The provision of services to individuals in the general public who are experiencing emergencies which require an immediate response by the human service system (including those activities necessary to prepare for responding to conditions which are an immediate threat to a person's life or well-being) for the purpose of removing or ameliorating these conditions and linking the individual with appropriate human services. Services to individuals and for the community at large include but are not limited to: counseling/psychotherapy, supervision, general physical health, transportation, and referral. Includes 24-hour hot lines, crisis response teams and extra hour staffing for handling emergencies only when the program provider is specially organized for this purpose, and are designed to serve the general public rather than specific client groups. Excludes services delivered under emergency conditions which are an integral, but subordinate, part of other standard programs (e.g., emergency inpatient care is to be classified as part of the inpatient program).

503 INPATIENT

The provision of 24-hour emergency room and/or inpatient mental health or substance use treatment services in a general, psychiatric or specialty hospital for the purpose of stabilizing and/or ameliorating mental illness (short-term or long-term), alcohol or other drug abuse or other problems requiring medical care or hospitalization, enabling persons to eventually function effectively in a less restrictive alternate or a natural living setting. Services may include but are not limited to: emergency medical care, assessment/diagnosis; case planning, monitoring, and review; counseling/psychotherapy; physical health activities; education/training; personal care; supervision; and therapy. Food and housing are required benefits and medications are also commonly provided. Includes stays under emergency detention and commitment provisions. Includes evaluations which require an inpatient admission. Includes planning for, arranging for, and monitoring of inpatient facilities placements. Includes DHS 75.10 medically managed inpatient substance use treatment. Includes Medically Monitored Residential Treatment under DHS 75.11 which is short-term (<30 days) 24-hour care in a non-hospital residential setting providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient. Excludes inpatient care for the primary purpose of detoxification and IMD nursing home services. Excludes licensed IMD nursing home services meeting the definition of SPC Institution for Mental Disease.

504 RESIDENTIAL CARE CENTER

The provision of services to children in licensed residential care centers to stabilize and/or ameliorate behavioral, mental health, alcohol and other drug abuse, and other disorders for the purpose of improving their functioning and enabling them to return to their own communities in the shortest possible time. Services to clients may include, but are not limited to, supervision, education/training, and counseling/psychotherapy. Benefits include food, housing, and items such as school supplies and books. Includes planning for, arranging for, and monitoring of residential care center placements.

505 DD CENTER/NURSING HOME

The provision of services to clients in licensed nursing homes, including Wisconsin's three Centers for the Developmentally Disabled (DD) for the purposes of evaluation, respite, or care designed to reduce the severity of behavioral, alcohol or other drug or medical problems which attend and complicate severe developmental disabilities or alcohol and other drug abuse. Services may include, but are not limited to, assessment/diagnosis, physical health services, therapy and laboratory services, personal care, and supervision. Benefits include food, items, housing, and drugs. Includes planning for, arranging for, and monitoring of placements by DD Center or nursing home staff. Excludes licensed IMD nursing home services meeting the definition of SPC 925 Institution for Mental Disease.

506 COMMUNITY BASED CARE/TREATMENT FACILITY

The provision of services to clients in a Community Based Residential Facility (CBRF) for purposes of providing needed care or support and/or ameliorating personal, social, behavioral, mental, developmental, or alcohol and drug Abuse disorders. Services may include, but are not limited to: supervision, dietary, counseling/psychotherapy. Benefits include food and housing. Includes planning for, arranging, and monitoring of placements in CBRFs. Includes nonmedical AODA extended care in CBRFs. Includes Transitional Residential Treatment Under DHS 75.14, which is long-term (>30days) 24-hour care in a residential setting that is a clinically supervised, peer-supported therapeutic environment with clinical involvement. The service provides substance abuse treatment in the form of counseling for 3 to 11 hours per resident weekly, immediate access to peer support through the environment and intensive case management which may include direct education and monitoring in the areas of personal health and hygiene, community socialization, job readiness, problem resolution counseling, housekeeping and financial planning. Excludes residential care for the primary purpose of detoxification, which should be classified under that Standard Program Category. Excludes unlicensed living arrangements (even if supervision is provided or live-in staff are present) which should be classified as part of Supportive Home Care Program or the Shelter Care Program. Excludes AODA residential care in nursing homes which should be classified under the DD Center/Nursing Home Program. Excludes AODA residential inpatient programs in CBRFs which should be classified under the Inpatient Program. Excludes homes serving three or four residents which are licensed as CBRFs when the home is also the residence of the sponsor and homes certified under Ch. DHS 82.

507 COUNSELING AND THERAPEUTIC RESOURCES

The provision of treatment oriented services to clients needing treatment for a personal, social, behavioral, mental, or alcohol and drug abuse disorder to maintain and improve effective functioning. Services typically provided in a service office or a natural setting, may include, but are not limited to: assessment/diagnosis; case (treatment) planning, monitoring and review; counseling/psychotherapy; therapy services; physical health services; and medical support services. Includes divorce and family counseling and counseling for students experiencing behavioral problems at school. Includes intensive home and community treatment services when provided by persons other than those responsible for probation, juvenile supervision or aftercare supervision. Includes methadone maintenance activities. Includes Intensive Outpatient Treatment for Substance Use Conditions under DHS 75.13 which is a medically monitored treatment modality that provides a combination of individual, group and family therapy. Intensive outpatient programs provide nine or more hours of treatment and structured programming per week for individuals who are able to function in the community with this level of care. Includes Regular Outpatient Mental Health or Substance Use Counseling or Psychotherapy Under DHS 35 or 75.13, provides office-based intake, strength-based assessment, evaluation, diagnosis, psychological testing, intervention, treatment planning, individual, group and family counseling or psychotherapy and medication management typically for fewer than 9 hours each week. Services are provided to ameliorate symptoms and assist the individual in their recovery. Excludes work related services. Excludes treatment services provided to residents of an alternate living setting or in a day center by staff or providers of those settings.

509 COMMUNITY SUPPORT PROGRAM (CSP) - (DHS Chapter 63)

The provision of a network of coordinated care and treatment services to adults with serious and persistent mental illness and chronic alcoholic clients in a natural or supportive service setting by an identified provider and staff to ensure ongoing therapeutic involvement and individualized treatment in the community for the purpose of reducing the disabling effects of their mental illness or alcoholism and assisting clients to access and participate in the community. The service of case planning, monitoring and review as well as the activities involved in case management/service coordination are a required part of this program for every client. Services which must be available although not necessarily provided to each client are: assessment/diagnosis, eligibility determination, advocacy, education/training, counseling/psychotherapy, person locating, medical support, referral and transportation. Includes identifying persons in need of services, assisting with and training clients in all aspects of community functioning, crisis consultation, assistance with learning and performing daily living tasks, supervision of community work or educationally related activities, assistance with obtaining health care, assistance with acquiring and maintaining adequate housing, social/recreational activities, and coordinating services delivered by both CSP and other human service programs such as the Division of Vocational Rehabilitation, General Relief and Supplemental Security Income. Includes only activities delivered by designated CSP providers to persons with serious and persistent mental illness and chronic alcoholic persons and excludes these activities when delivered by other agency providers.

510 COMPREHENSIVE COMMUNITY SERVICES (CCS) - (DHS Chapter 36)

Comprehensive Community Services are certified per the requirements of DHS 36 and provide a flexible array of individualized community-based psychosocial rehabilitation services authorized by a licensed mental health professional under DHS 36.15 and provided to consumers with mental health or substance use issues across the lifespan who qualify based on level of need through a completed MH/AODA Functional Screen. The intent of the services and supports is to provide for a maximum reduction of the effects of the individual's mental and substance abuse disorders and the restoration of a consumer to the highest possible level of functioning and to facilitate their recovery and resilience. The services provided must be individualized to each person's needs and recovery goals as identified through a comprehensive assessment. The services must fall within the federal definition of "rehabilitative services" under 42 CFS s. 440.130(d) in order for the services to be reimbursed by Medicaid. Services that must be available for consumers are: assessment, recovery/service planning, service facilitation, and individually authorized psychosocial rehabilitation services.

In order to qualify as psychosocial rehabilitation, a service must:

- have been determined through the assessment process to be needed by an individual consumer;
- involve direct service;
- address the consumer's mental health and substance abuse disorders to maximize functioning and minimize symptoms;
- be consistent with the individual consumer's diagnosis and symptoms;
- safely and effectively match the individual's need for support and motivational level;
- be provided in the least restrictive, most natural setting to be effective for the consumer;
- not be solely for the convenience of the individual consumer, family or provider;
- be of proven value and usefulness; and
- be the most economic options consistent with the consumer's needs.

CCS includes only activities delivered by providers who are part of the certified CCS program to persons with a diagnosis of a mental disorder or a substance use disorder as defined in DHS 36.14 (2). Consumers enrolled in waiver programs are eligible for CCS. CCS recipients may not be enrolled in a Community Support Program (CSP). For CCS recipients, all of the following services must be recorded using the 510.10 SPC code: outpatient mental health (excluding pharmacologic management), mental health day treatment for adults, substance abuse treatment and service facilitation (case management). If an individual is in need of any of these services, they must be provided as part of CCS and thus recorded using the 510.10 SPC code as opposed to other existing service codes. Consumers may receive other services outside of their CCS plan, but these services should continue to be reported to be in PPS separate from CCS.

Recording CCS units of service

For services rendered July 1, 2014, or later, CCS can only be recorded in hourly units using the 510.10 SPC code. The old 510 SPC code for CCS per diem units is no longer available. This change mirrors Medicaid claim requirements. To convert 15-minute increments to hourly units, multiply the number of 15-minute increments by .25. For example, four 15-minute units will equal 1.00 PPS unit.

511 COMMUNITY RECOVERY SERVICES (CRS) – (Wis. Stats. s. 49.45 (30g))

This is a non-waiver, state Medicaid plan amendment benefit provided by a CRS certified County or Tribe or vendor. Any mental health agency offering this service and submitting the SPC 511 code must be specifically certified to deliver the CRS service. The goal of CRS is to provide services which enable mental health consumers to live in the least restrictive community environment available. CRS provides three distinct services across the lifespan for consumers having a severe and persistent mental illness:

- Community Living Supportive Services (activities necessary to allow individuals to live with maximum independence in community integrated housing);
- Supported Employment (activities necessary to assist individuals to obtain and maintain competitive employment); and
- Peer Supports (advocacy, information and support provided by certified Peer Specialists).

Relationship to Other Services

- Consumers receiving CRS services may simultaneously receive services through a Community Support Program (SPC 509) or Comprehensive Community Services program (SPC 510). Thus, the SPC 511 may be open in PPS simultaneously with SPC 509 or 510.

- If Community Options Program (COP) funds are used to match CRS, please record the CRS service and associated COP costs in the HSRS Long Term Support Module in addition to recording CRS in the PPS MH Module. When COP funds are used the participant MUST meet COP functional and financial eligibility and have received a COP assessment and plan prior to the service start.

Recording CRS units of service

PPS allows for CRS to be reported in hourly or per diem units. Use SPC code 511 to report hourly units and use SPC code 511.10 to report per diem units. To convert 15-minute increments to hourly units, multiply the number of 15-minute increments by .25. For example, four 15-minute units will equal 1.00 PPS unit.

601 OUTREACH

The provision of services which are designed to result in the locating of persons likely to have a problem which can potentially be alleviated by the delivery of human services. Services may include, but are not limited to: case finding and referral. Management functions include: resource recruitment and development. Includes activities which better enable persons to locate human service resources which are appropriate to their needs such as the establishment of referral networks and the development and distribution of human services resource directories. Includes initial intervention efforts directed at motivating persons to obtain needed services. Includes Employee Assistance and Student Assistance Program development activities. Includes systematic attempts by county agencies to secure increased numbers of agency clients from specific segments of the community or specifically defined groups (e.g., rural residents or minority groups). Excludes assessment/diagnosis associated with a formal application process; this is to be classified as Intake Assessment. Excludes assessments that are an integral but subordinate part of admission to another program. Excludes health screening activities which should be classified under the program of that name. Excludes services for agency clients.

602 INFORMATION AND REFERRAL

The provision of public information and referral services to satisfy individual inquiries for specific information about a particular aspect of the human service delivery system or community resources and ensure linkage to needed resources. Includes referral to legal resources. Includes maintaining and summarizing records of information and referral contacts. Includes providing information in response to requests, referrals, in-depth conversations that take place over time regarding an individual's concerns and challenges, help connecting persons with services or resources, applying for benefits and follow-up. Excludes public information and referral when provided as a subordinate part of intake process or when part of other programs.

603 INTAKE ASSESSMENT

The provision of services in a natural or supportive service setting to persons who are or may become clients for purposes of determining the existence of, and the nature of, a specific problem or group of problems. Services may include, but are not limited to, assessment/diagnosis and referral. Client assessments include Community Options Program assessments, Intoxicated Driver Program assessments, and Child Abuse and Neglect investigations. Includes activities associated with the AO167 process and screenings of prospective nursing home admissions per DHS 132.51 (2)(d)(1). May also include the development of an initial case service or treatment plan if done as part of a general client intake process, intake activities which occur prior to the establishment of client status, and the activities of centralized intake units. Assessment/diagnosis which is an integral but subordinate part of another standard program should be classified to that program. Excludes activities of a community agency related to review and screening of current residents of DD centers which should be classified as part of Case Management/Service Coordination. Investigations or assessments for the court are part of the Court Intake and Studies Program.

604 CASE MANAGEMENT

The provision of services by providers whose responsibility is to enable clients and when appropriate clients' families to gain access to and receive a full range of appropriate services in a planned, coordinated, efficient, and effective manner. Case managers are responsible for locating, managing, coordinating, and monitoring all services and informal community supports needed by clients and their families. Services may include, but are not limited to, assessment; case planning, monitoring and review; advocacy; and referral. If the case management activity is limited to managing service received in a single program, such case management is considered an integral but subordinate part of that program, rather than case management as defined here, which must relate to all services and supports the client receives.

605 ADVOCACY AND DEFENSE RESOURCES

The provision of services by persons whose principal responsibility is to ensure rights to fair and just treatment. Services, which may be provided by lay advocates as well as persons with legal training, may include, but are not limited to, education/training and advocacy. Includes assistance in applying for needed services or benefits, assistance in the use of appropriate grievance procedures, provision of representation for clients at hearings, the provision of legal advice, legal representation in court, legal research, education and counseling regarding legal rights and responsibilities.

606 HEALTH SCREENING AND ACCESSIBILITY

The provision of services in a natural or supportive service setting to persons at risk for health problems for the purpose of early identification of health care needs and improved accessibility to needed health care services. Services may include, but are not limited to: case finding; assessment/diagnosis; case planning, monitoring and review; referral; and advocacy. Health screening provided as part of an overall client assessment process should be classified as either intake assessment or, if an integral part of another program, under that program.

615 SUPPORTED EMPLOYMENT

Supported employment is competitive work in an integrated work setting for individuals who, because of their handicaps, need ongoing and/or intensive support services to find and perform this work. Limited to individuals with severe disabilities (i.e., severe developmental disabilities, serious and persistent mental illness, severe physical disabilities, and/or severe multiple disabilities) for whom competitive employment has not traditionally occurred or individuals for whom competitive employment has been interrupted or intermittent as the result of a severe disability. Includes transitional employment for persons with chronic mental illness. Excludes welfare and employment programs. Integrated work setting is defined as no more than eight people with a disability in one work area.

703 DETOXIFICATION – HOSPITAL SETTING AND RECEIVING CENTER

Includes hospital based detoxification programs including those certified under DHS 75.06 through 75.08. A detoxification receiving center program provides services to clients incapacitated by alcohol or drugs and in need of assessment, monitoring and stabilization. The client may be admitted until the incapacitation has abated or may be referred to an emergency medical facility. Includes Medically Managed Hospital Detoxification which is 24-hour medically necessary observation and monitoring of incapacitated patients' alcohol or substance withdrawal in a hospital setting, with round-the-clock nursing care, physician management and availability of all other resources of the hospital. Patients have the opportunity to meet with a substance use counselor for continuing care planning and linkages. Includes Medically Monitored Residential Detoxification which is a 24-hour service in a non-hospital residential setting providing detoxification services for incapacitated persons. Care is provided by a multi-disciplinary team of service personnel, including 24-hour nursing care under the supervision of a physician. Transportation, if needed, to an emergency room of a general hospital for medical treatment is also provided. Includes Ambulatory Detoxification which is medically managed or monitored structured detoxification service on an outpatient basis, delivered by a physician or other service personnel acting under the supervision of a physician.

704 DAY TREATMENT – MEDICAL

A day treatment program (DTP) is a nonresidential program in a medically supervised setting that provides case management, counseling, medical care and therapies on a routine basis for a scheduled portion of a 24-hour day and a scheduled number of days per week to alleviate those problems. Services include individual, family and group counseling but not aftercare services. Includes Day Treatment for Substance Use Conditions under DHS 75.12, which is a day treatment service is a medically monitored, non-residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week.

705 DETOXIFICATION – SOCIAL SETTING

A social setting detoxification program provides treatment oriented service which does not include direct medical services as defined under s. DHS 75.09. This non-medically oriented program observes and monitors intoxicated individuals who are ambulatory and not in need of major emergency medical or psychological care. Residential Intoxication Monitoring is 24-hour observation by staff to monitor the safe resolution of alcohol or sedative intoxication and to monitor for the development of alcohol withdrawal for intoxicated (not incapacitated) patients who are not in need of detoxification, emergency medical or psychological care. The service is provided in a supportive setting that includes provision of nourishment and emotional support.

706 DAY CENTER SERVICES – NON-MEDICAL

A day treatment program (DTP) is a nonresidential program in a non-medically supervised setting that provides case management, counseling on a routine basis for a scheduled portion of a 24-hour day and a scheduled number of days per week to alleviate those problems. Services include individual, family and group counseling but not aftercare services.

925 INSTITUTION FOR MENTAL DISEASE

Units of service under the IMD service cluster are defined as days of care provided in an IMD licensed nursing home to persons meeting the mentally ill client characteristic criteria of receiving services in an IMD under a 90 percent Continuing Placement Slot Contract.

999 COORDINATED SERVICE TEAMS (CST) – (Wis. Stats. s. 46.56)

Coordinated Service Team (CST) initiatives are evidence-based practice models of care for children and youth with mental illness and/or behavioral health issues. CST is a systems approach designed to assure children and their families have support and access to mental health and other services in their communities. CST is a recovery and resiliency oriented, intensive case management, community-based rehabilitation and outreach service for children and their families. It is team-based and focused on the child and their family along with the various systems involved in the child's life. The supports and services include the mental health rehabilitation interventions and other supports necessary to assist the recipient in achieving and maintaining rehabilitative, resiliency, and recovery goals. CST is developed and designed to meet the mental health, co-occurring health, educational, vocational, residential, financial, social, and other treatment support needs of the children and families. CST is a community-based approach to service delivery that is often used for children who would have otherwise been placed in a residential treatment environment at a much higher cost.
