About Us
Central Wisconsin Center (CWC) supports individuals with complex intellectual and developmental disabilities. Services are provided to assist individuals in acquiring the skills needed to reach their highest potential and improve quality of life.

CWC has been providing quality health service and programs for people with intellectual disabilities and complex care needs since 1959.

Active Treatment
All CWC employees engage in active treatment, which is an ongoing effort to help each person who lives here achieve and maintain the best life possible, according to their abilities. It’s not just what you do, but the way you do it. At CWC, active treatment includes:

- Person-centered planning
- Teaching independent living skills
- Focus on self-determination and independence
- Working with the person in the way the person prefers
- Setting and documenting goals for each resident

About the Resident Care Technician Position
CNAs are called resident care technicians (RCT) at CWC. They are responsible for providing active treatment, promoting independence and choice, and implementing the treatment programs defined by each individual program plan in accordance with intermediate care facilities for individuals with intellectual disabilities regulations.

Benefits
CWC offers a competitive salary along with:

- Excellent health insurance
- Extensive orientation program
- Onsite CPR training
- 24/7 fitness center
- Free parking
- Paid time off

Qualifications
- High school diploma
- Ability to work AM, PM, and night shifts
- Ability to work weekends and holidays
