

## State of Wisconsin Department of Health Services

Tony Evers, Governor Karen E. Timberlake, Secretary

May 2, 2022

The Honorable Howard L. Marklein, Co-Chair Joint Finance Committee Room 316 East, State Capitol Madison, WI 53702

The Honorable Mark Born, Co-Chair Joint Finance Committee Room 308 East, State Capitol Madison, WI 53702

Dear Senator Marklein and Representative Born:

In accordance with Wis. Stat. § 51.06(8), the Wisconsin Department of Health Services (DHS) is providing a report on transitions from institutions. This year's report submission includes reporting for State Fiscal Years (SFYs) 2019, 2020, and 2021.

Wisconsin policymakers have maintained the state's commitment over the years to supporting programs such as Family Care, Family Care Partnership, PACE, and Include, Respect, I Self-Direct (IRIS). These transition programs have successfully provided opportunities for tens of thousands of elderly individuals and people with physical and developmental disabilities to live in community-based settings, who otherwise would have resided in Intermediate Care Facilities (ICFs) for Individuals with Intellectual Disabilities (IID) and nursing facilities. Transitioned individuals historically participated in one of the DHS Medicaid Home and Community-Based Waiver Programs. With the statewide expansion of Family Care in 2018, many of the individual programs were discontinued. This report provides information on transitions from nursing homes to the community in SFYs 2019, 2020, and 2021 as part of enrolling in the Family Care program. Information from programs that have since been discontinued is included for historical context and to show the trends in nursing home transitions over time.

Please contact my office if you have any questions.

Sincerely,

Karen E. Timberlake

4mm 59861.1

Secretary

Enclosure:

SFYs 2019, 2020, and 2021 Combined Report of Transitions from Institutions

### SFY 2019 TO SFY 2021 REPORT ON TRANSITIONS As Required by Wis. Stat. § 51.06(8)

The Wisconsin Department of Health Services (DHS) has been providing elders and people with physical and developmental disabilities residing in nursing facilities the opportunity to transition to community-based settings through a variety of programs since 2006. With the statewide expansion of Family Care in 2018, many of the individual programs were discontinued. This report provides information on transitions from nursing homes to the community in state fiscal years (SFYs) 2019–2021 as part of enrolling in the Family Care program. Information from programs that have since been discontinued is included for historical context and to show the trends in nursing home transitions over time.

The DHS transition programs have been highly successful over the years. In SFY 2019, 236 elderly people and people with physical and developmental disabilities transitioned to live in community settings, closer to family and friends and community activities. As shown in the summary table below, 194 (82.20%) transitions were for frail elders, 25 (10.59%) were for people with physical disabilities, and 17 (7.20%) were for people with developmental disabilities.

| Community Transitions in SFY 2019  |       |        |        |     |  |  |
|--|-------|--------|--------|-----|--|--|
| Persons With Developmental Disabilities  Persons With Physical Disabilities  Total |       |        |        |     |  |  |
| Transitions  | 17    | 194    | 25     | 236 |  |  |
| % of Total   | 7.20% | 82.20% | 10.59% |     |  |  |

In SFY 2020, there were 510 total transitions, including 402 transitions for frail elders (78.84%), 83 (16.27%) for people with physical disabilities, and 25 (4.90%) for people with developmental disabilities.

| Community Transitions in SFY 2020  |       |        |        |     |  |  |
|--|-------|--------|--------|-----|--|--|
| Persons With Developmental Disabilities  Persons With Physical Disabilities  Total |       |        |        |     |  |  |
| Transitions  | 25    | 402    | 83     | 510 |  |  |
| % of Total   | 4.90% | 78.82% | 16.27% |     |  |  |

In SFY 2021, there were 122 total transitions, including 96 (78.69%) for frail elders, 10 (8.20%) for people with physical disabilities, and 16 (13.11%) for people with developmental disabilities.

| Community Transitions in SFY 2021  |       |        |        |     |  |  |
|--|-------|--------|--------|-----|--|--|
| Persons With Developmental Disabilities  Persons With Physical Disabilities  Total |       |        |        |     |  |  |
| Transitions  | 10    | 96     | 16     | 122 |  |  |
| % of Total   | 8.20% | 78.69% | 13.11% |     |  |  |

Movement from the legacy waiver programs (Community Options Program [COP] and Community Integration Program [CIP]) to the Family Care managed long term services and supports program has significantly altered the way people transition from institutional settings to the community. This report includes those transitions where a person was living in a nursing home and transitioned to the community as part of their enrollment in Family Care or another home and community-based program. It is also possible for a person enrolled in Family Care who is living in the community to enter a nursing home when necessary due to health conditions and remain enrolled in Family Care. Transitions that occur entirely within the Family Care program do not meet the definition for transitions used in this report and are not reflected in this data.

Since SFY 2006, 8,079 elders and people with physical and developmental disabilities have successfully transitioned from institutional settings. The quality of life for these 8,079 people has been enhanced through the opportunity to live in the community, be near family and friends, and more fully engaged in community activities. The table below displays transitions by target group and year:

|      | Community Transitions SFY 2006 to Present* |              |                 |             |  |  |  |
|------|--|--------------|-----------------|-------------|--|--|--|
|      | Persons with DD                            | Frail Elders | Persons with PD | Total       |  |  |  |
| SFY  | Transitions                                | Transitions  | Transitions     | Transitions |  |  |  |
| 2006 | 372  | 409          | 152             | 933         |  |  |  |
| 2007 | 176  | 484          | 240             | 900         |  |  |  |
| 2008 | 52   | 438          | 222             | 712         |  |  |  |
| 2009 | 54   | 379          | 188             | 621         |  |  |  |
| 2010 | 81   | 477          | 216             | 774         |  |  |  |
| 2011 | 20   | 223          | 136             | 379         |  |  |  |
| 2012 | 38   | 270          | 117             | 425         |  |  |  |
| 2013 | 64   | 284          | 111             | 459         |  |  |  |
| 2014 | 49   | 293          | 160             | 502         |  |  |  |
| 2015 | 35   | 288          | 112             | 435         |  |  |  |

<sup>\*</sup>Starting in 2018, target group is defined by the Adult Long Term Care Functional Screen tool. Therefore, numbers prior to 2018 are not comparable to 2018 and after. For more information, visit <a href="https://www.dhs.wisconsin.gov/functionalscreen/index.htm">www.dhs.wisconsin.gov/functionalscreen/index.htm</a>.

2

| 2016  | 25    | 329   | 121   | 475   |
|-------|-------|-------|-------|-------|
| 2017  | 13    | 240   | 97    | 350   |
| 2018  | 9     | 172   | 65    | 246   |
| 2019  | 17    | 194   | 25    | 236   |
| 2020  | 25    | 402   | 83    | 510   |
| 2021  | 10    | 96    | 16    | 122   |
| Total | 1,040 | 4,978 | 2,061 | 8,079 |

Highlights of the transition initiative over the past 15 years (SFY 2006–2021) include:

- 1,040 people with developmental disabilities moved to the community and participated in community activities that were not available to them when they resided in institutions.
- 4,978 frail elders who resided in nursing facilities chose to live in the community near their families and friends. Prior to this initiative, these individuals would have been on a waiting list for Medicaid home and community-based services waiver care and few would have had the opportunity to return to the community.
- 2,061 people with physical disabilities chose to live in the community where they are able to access community activities rather than live in nursing facilities.
- People are being served in the community at a cost below that of institutional care, resulting in savings to the medical assistance programs of \$218,211, \$1,115,612, and \$679,378 for the people transitioned in SFY 2019, SFY 2020, and SFY 2021 respectively.

In 2007, DHS was awarded a federal "Money Follows the Person" (MFP) grant to support rebalancing of the long-term care system through further relocations from institutions to the community. Starting October 2007 and continuing until service dollars are exhausted, the federal government pays a match rate that is higher than the standard Medicaid matching rate for the costs of certain relocated people during their first 365 days in the community. There were 156 and 96 brand new participants in MFP in SFY 2019 and SFY 2020, respectively. For the same fiscal years, there were 341 and 221 individuals participating at any point in time over the course of SFY 2019 and SFY 2020, respectively. For SFY 2021, there were 156 and 144 new participants in MFP with 224 total participants.

#### Age and Length of Stay Prior to Transition

DHS provides elders and people with physical and developmental disabilities residing in nursing facilities the opportunity to relocate to community-based living arrangements as part of their care plans in the Family Care, Family Care Partnership, and Program of All-Inclusive Care for the Elderly (PACE) programs. People being cared for in nursing homes have a choice to remain in their current setting in Medicaid fee-for-service or enroll in a waiver long term care program such as Family Care, Family Care Partnership, PACE, or Include, Respect, I Self-Direct (IRIS). If they enroll in one of those long term care programs, the person can choose whether to stay in their nursing home or move to the community when their care needs can be met at home, in an apartment, or in an assisted living setting.

The following tables display transitioned members by age and length of stay in a nursing home prior to transition for SFY 2019 through SFY 2021:

| Age of People Transitioned: SFY 2019 |       |       |       |       |     |       |
|--------------------------------------|-------|-------|-------|-------|-----|-------|
| 18–49                                | 50–64 | 65–74 | 75–84 | 85–99 | >99 | Total |
| 9                                    | 33    | 44    | 70    | 77    | 3   | 236   |

| Age of People Transitioned: SFY 2020 |       |       |       |       |     |       |
|--------------------------------------|-------|-------|-------|-------|-----|-------|
| 18–49                                | 50–64 | 65–74 | 75–84 | 85–99 | >99 | Total |
| 16                                   | 92    | 136   | 135   | 127   | 4   | 510   |

| Age of People Transitioned: SFY 2021 |       |       |       |       |     |       |
|--------------------------------------|-------|-------|-------|-------|-----|-------|
| 18–49                                | 50–64 | 65–74 | 75–84 | 85–99 | >99 | Total |
| 10                                   | 16    | 26    | 31    | 38    | 1   | 122   |

| Length of Time in Nursing Home Prior to Transition SFY 2019 |                 |             |          |       |  |  |

#### Nature of Living Arrangement

The following table shows the living arrangement for people transitioned in SFY 2019–SFY 2021. Notably, 221 (93.64%), 485 (95.10%), and 77 (63.11%) people moved to a home or apartment in SFYs 2019, 2020, and 2021, respectively. The next most frequent setting was CBRF with 15 people (6.4%), 22 (4.3%), and 42 (34.42%) people choosing that setting in SFYs 2019, 2020, and 2022, respectively.

| Living               | Living Arrangement for People Transitioned in SFY 2019 |                 |                 |       |  |  |  |

Appendix A provides information about the living arrangements for people relocated by the program under which they were served.

#### **Costs Under the Medicaid Program**

Medicaid costs were calculated for both the period when the person was in an institution and the period when the person was living in the community to determine the net Medicaid cost of the transition programs. The analysis examined the following two components: (a) the institutional or Medicaid home and community-based services waiver costs; and (b) other Medicaid (MA) costs, termed MA Card Costs, which include the Medicaid costs for personal care services, therapeutic services, and all other MA services. This provides a comprehensive presentation of the person's Medicaid costs in each setting.

As summarized in the table below, in SFY 2019 the average daily cost in the nursing facility for people before they transitioned under Family Care was \$168.58. In contrast, the average daily cost in the community after transition for these same people was \$120.53. Community transitions under Family Care were cost effective, producing an average daily savings of \$48.05, representing a 28.50% cost reduction.

Similarly for SFY 2020, the average daily cost in the nursing facility for people before they transitioned under Family Care was \$184.98. In contrast, the average daily cost in the community after transition for these same people was \$101.06. Community transitions under Family Care were cost effective, producing an average daily savings of \$83.92, representing a 45.37% cost reduction.

For SFY 2021, the average daily cost in the nursing facility for people before they transitioned under Family Care was \$220.26. In contrast, the average daily cost in the community after transition for these same people was \$121.34. Community transitions under the Family Care program were cost effective, producing an average daily savings of \$98.92, representing a 44.91 percent cost reduction.

| Cost Information — Average Daily Costs for People Transitioned in SFY 2019 |     |                   |                           |                   |                            |                         |                    |                    |

#### **Notes**

- 1. All Medicaid costs are based on paid claims as reported in interChange.
- 2. Family Care and PACE/Partnership costs are based on the capitation payments paid to the managed care organization on behalf of the member.

As shown in the table below, the total MA cost in SFY 2019 of serving the 236 people who transitioned to the community under Family Care, Family Care Partnership, or PACE during the period they lived in their new community settings was approximately \$3.6 million. If these people had remained in their institutional settings during this time period instead, their MA cost of services would have been approximately \$3.8 million. Due to the difference between institutional and community costs, Family Care produced total savings of more than \$218,000 in SFY 2019.

The total MA cost in SFY 2020 of serving the 510 people who transitioned to the community under Family Care, Family Care Partnership, or PACE during the period they lived in their new community settings was approximately \$8.5 million. If these people had remained in their institutional settings during this time period instead, their MA cost of services would have been approximately \$9.6 million. Due to the difference between institutional and community costs, Family Care produced total savings of more than \$1.1 million in SFY 2020.

The total MA cost in SFY 2021 of serving the 109 people who transitioned to the community under CTI during the period they lived in their new community settings was approximately \$1.7 million. If these people had remained in their institutional settings during this time period instead, their MA cost of services would have been approximately \$2.5 million. Due to the difference between institutional and community costs, CTI produced total savings of more than \$679,000 in SFY 2021.

#### **Impact on Health and Safety**

#### Medicaid Home and Community-Based Services Waiver Quality Assurance

Assuring the health and safety of frail elders and people with developmental and physical disabilities is a paramount goal of DHS whether people live in an institution or in the community. The Family Care, Family Care Partnership, or PACE programs operate under federally approved plans through the Centers for Medicare & Medicaid Services, which include extensive risk assessment and mitigation, as well as quality assurance and improvement protocols intended to ensure health and safety for participants.

All participants have highly individualized support and service plans that promote person-centered outcomes, informed choices, and community participation, in addition to addressing health and safety needs. Care management staff are required to have contact with participants at regular intervals, including face-to-face visits, to ensure that services and supports are being delivered as required and to address new needs that might arise. For persons relocating from institutions, a visit will occur shortly after the move to the community to assess the adequacy of the support and service plan and identify any issues that occurred after the move.

For all participants, ongoing assessments are methodically completed and updated. In Family Care, care planning is carried out by an interdisciplinary team, which includes a nurse. When unmet needs are identified, the care plan is modified. In addition to home and community based waiver services and supports, people also receive community health services, such as physician and dental visits, hospital care, personal care in their home, and pharmacy.

DHS requires Family Care managed care organizations to have a system to ensure participants are adequately protected from physical, verbal, and sexual abuse, as well as maltreatment, neglect, financial exploitation and violation of their rights under law. DHS also requires these entities to have mechanisms for reporting incidents to DHS and effective response systems.

DHS uses state staff or contractors to monitor compliance with program requirements. This oversight uses a variety of sources, such as case records, satisfaction surveys, and visits with program participants.

#### Regulatory Oversight

The Division of Quality Assurance conducts regular on-site surveys of licensed three- to four-bed adult family homes and community-based residential facilities using state guidelines and standards. Managed care organizations are responsible for ensuring high-quality services and environments for people living in smaller settings. Residential and day-service providers also have procedures that maintain each person's health and safety. They interact with each person on a constant basis, monitor medical conditions, provide structured social and environmental situations, and give sufficient supports to people with special needs.

DHS oversees these programs and service delivery systems by having staff throughout the state conduct several types of activities, including random unannounced visits, in-depth annual plan review, and ongoing dialogue with all stakeholders (including consumers and their families and guardians). DHS issues guidelines and establishes policies and procedures whenever necessary to address gaps that are identified or suspected.

#### Actual or suspected events

Any actual or suspected event that threatens the health or safety of an individual is investigated and reviewed by each provider and managed care organization. Managed care organizations are required to report all such instances to state quality assurance staff or contractors, who, depending on the nature and seriousness of the report, may investigate or involve others, such as police or the judicial system.

All deaths in licensed or certified settings are reported to and scrutinized by the State to identify negative trends associated with providers, managed care organizations, or the approaches that are used by the service delivery system with the intent of preventing further instances. Concerns are then shared with appropriate entities that are required to make systemic improvements or take corrective actions to create a constant cycle of improvement. Instances of abuse or neglect are remedied swiftly and access to necessary medical services is closely monitored.

#### **Involvement of Guardians or Family Members**

Counties are required to prepare a plan for home or community-based care for all people residing in Intermediate Care Facilities (ICFs) for Individuals with Intellectual Disabilities (IID) and nursing homes who are at a developmental disability level of care. For ICFs-IIDs other than the state centers, these plans are part of the statutorily required annual court review, known as the "Watts review," to determine the most integrated setting appropriate to the person's needs.

Counties involve guardians in the preparation of these plans and state law requires that the county provide a copy of the plan to the guardian prior to the Watts review.

When a person is relocated from a state center or other ICFs-IID or nursing home facility, the plan for a person's care is signed by the guardian indicating their acceptance of the plan.

Most elderly people and people with physical disabilities relocated under Family Care do not have guardians. However, in cases where people do have guardians, the guardians are involved in the efforts to relocate or divert people from institutions.

For persons who are competent to make their own decisions, family members are involved to the extent preferred by the individual participant. DHS does not keep a record of family involvement in care planning for people who are competent to make their own decisions.

#### **Staff Turnover**

Appendix C provides calendar year 2018-2020 staff turnover rates for facilities for individuals with intellectual disabilities and nursing facilities. Staff turnover rates are provided for both full-and part-time staff for three professions: registered nurses (RNs), licensed practical nurses (LPNs), and nursing assistants (NAs).

The staff turnover rate was calculated by the Division of Quality Assurance based on information submitted in response to their 2018–2020 Annual Staffing Surveys. In this survey each nursing home and ICF-IID provided information about the number of full-time and part-time RNs, LPNs, and NAs hired in 2016. Each nursing home and ICF-IID also provided the total number of full-time and part-time RNs, LPNs, and NAs employed as of December 31, 2018 and 2019, respectively, and their length of service. The staff turnover rate for each category was calculated by dividing the number of new employees hired in 2018 and 2019 in that category (e.g., full-time RNs) by the total number of employees in that category on December 31, 2018 and 2019 respectively. For example, if a nursing home hired two full-time RNs in 2019 and had eight full-time RNs as of December 31, 2019, the full-time RN turnover rate was calculated as 25 percent.

The 2018–2020 statewide turnover rates are provided in the table below:

| Staff Turnover Rates: Calendar Year 2018 |               |          |  |  |  |
|--|---------------|----------|--|--|--|
|  | Nursing Homes | ICF-IIDs |  |  |  |
| Full-time RNs                            | 38%           | 19%      |  |  |  |
| Part-time RNs                            | 41%           | 24%      |  |  |  |
| Full-time LPNs                           | 40%           | 0%       |  |  |  |
| Part-time LPNs                           | 52%           | 18%      |  |  |  |
| Full-time NAs                            | 55%           | 40%      |  |  |  |
| Part-time NAs                            | 68%           | 20%      |  |  |  |

| Staff Turnover Rates: Calendar Year 2019 |     |     |  |  |  |
|--|-----|-----|--|--|--|
| Nursing Homes ICF-IIDs                   |     |     |  |  |  |
| Full-time RNs                            | 37% | 24% |  |  |  |
| Part-time RNs                            | 43% | 32% |  |  |  |
| Full-time LPNs                           | 38% | 4%  |  |  |  |
