

Topic: Wisconsin Music & Memory GovDelivery – A New Communication Tool

The Wisconsin Department of Health Services has launched GovDelivery, a communication tool that enables us to communicate more effectively and efficiently with interested parties and stakeholders.

We have transferred your email to this communication tool based on your involvement and interest in the Wisconsin Music & Memory Program and will be using it to communicate with you starting the week of June 22, 2015.

To ensure you continue to receive our updates, please make sure to add us to your “Safe Senders” list by adding our new email address: WIDHS-Music&Memory@public.govdelivery.com.

GovDelivery is intended for one way communication to large groups. If you have questions or concerns regarding the Music & Memory program, please continue to email us directly at dhsmusicmemory@dhs.wisconsin.gov.

You can sign up for additional digital subscriptions at <https://www.dhs.wisconsin.gov/alerts.htm>. A few lists that you may be interested in are:

- Department of Health Services News Releases
- Dementia-Capable Wisconsin
- Division of Quality Assurance – health care policy-related
- Division of Long Term Care and Division of Mental Health and Substance Abuse Services – Memo series

If you sign up for additional subscriptions, you can change or cancel your subscription at any time.
