

Some important reasons to
get a *mammogram*:

- The greatest risks for breast cancer are being a woman and getting older. Most breast cancers occur in women aged 50 or older.
- Finding breast cancer early can help save your life.
- Most women that are diagnosed have no history of breast cancer in their families.
- Getting a mammogram is easier than you think.

Do *you* need
a Mammogram
or Pap test but
can't afford it?

We can help!

Wisconsin
Well Woman
Program

2025 - 2026 INCOME GUIDELINES

The Wisconsin Well Woman Program helps women get **free breast and cervical cancer screenings**, such as mammograms, Pap tests, and other follow-up tests.

| Family Size | Annual Gross Household Income* |
|-------------|--|
| 1 | Up to \$39,125 |
| 2 | Up to \$52,875 |
| 3+ | Contact your coordinator for additional family member guidelines |

* Net income for farm families and self-employed persons.

You may qualify if:

- You are a woman, aged 40-64; or aged 35-39 with breast symptoms or concerns.
- You do not have health insurance, or your insurance policy has a high deductible for screenings or tests.
- Your income is within the above guidelines.

What puts me at risk for Breast Cancer?

- Being female
- Increasing age

What steps can I take to help maintain breast health?

- Talk to a doctor about what exams are right for you.
- Eat a healthy diet.
- Maintain a healthy weight.
- Exercise regularly.
- Limit alcohol.
- Avoid smoking.
- Know what is normal for your breasts.
- Report changes to a doctor.
