

CONTROLLED SUBSTANCES – QUICK REFERENCE FOR SCHEDULE

Wisconsin Department of Health Services / Division of Quality Assurance
P-01807 (06/2023)

This list is not meant to be all-inclusive but should assist in classifying a medication as a controlled substance along with its specific schedule. Many of these products come in multiple generics. The generics also fall under the same schedule as the brand. See the notes in regards to combination products. Always verify the schedule of combination products. Contact pharmacist if there is a question.
