

SYPHILIS ON THE RISE IN WISCONSIN

! Increase in new syphilis cases since 2016

Men who have sex with men should get tested annually!

Syphilis is easy to get from oral sex

Syphilis can be cured, but you need to get tested

You may get a non-itchy rash on palms or feet

A painless sore can appear on genitals, rectum, or mouth about 3 weeks after infection

OVER HALF OF PEOPLE WON'T HAVE SYMPTOMS, SO GET TESTED!

TESTING AND TREATMENT ARE EASY
