- Peer Supports (advocacy, information and support provided by certified Peer Specialists).

Relationship to Other Services

- Consumers receiving CRS services may simultaneously receive services through a Community Support Program (SPC 509) or Comprehensive Community Services program (SPC 510). Thus, the SPC 511 may be open in PPS simultaneously with SPC 509 or 510.
- If COP funds are used to match CRS, please record the CRS service and associated COP costs in the HSRS Long Term Support Module in addition to recording CRS in the PPS MH Module. When COP funds are used the participant **MUST** meet COP functional and financial eligibility and have received a COP assessment and plan prior to the service start.

Recording CRS units of service

The standard PPS reporting unit for CRS is hours. For purposes of billing state Medicaid, CRS services are reported in either 15 minute increments or on a Per Diem basis. Thus, Medicaid units will need to be converted to PPS units.

- To convert Per Diem units to hourly units, multiply each Per Diem unit by 24.
- To Convert 15 minute increments to hourly units, multiply the number of 15 minute increments by .25. For example, 4 Medicaid units will equal 1.00 PPS unit. Then, combine the total hours calculated above and report in PPS.
