Background

The CLTS Rate-Setting Initiative is a multiyear effort to develop a statewide rate-setting methodology for the CLTS Program. The initiative is the result of a corrective action plan issued by the federal Centers for Medicare & Medicaid Services (CMS), requiring the Wisconsin Department of Health Services (DHS) to comply with federal Home and Community-Based Services Waiver regulations.

Rate Methodology

The statewide rate methodology primarily sets rates for CLTS services with a direct care provider component. Services exempt from the rate methodology will continue to be paid at market rates.

Benefit Categories Included in Rate Schedule*

- Adult family home
- Child care
- Community integration services
- Counseling and therapeutic services
- Daily living skills training
- Day services
- Financial management services

- Mentoring
- Respite
- Support and service coordination**
- Supported employment
- Supportive home care
- Transportation

*Some benefit categories include subcategories that are not included in the rate schedule because they are paid at market rates (e.g. respite camps, bus passes, parking, etc.). Please refer to the CLTS Service Descriptions and CLTS Benefit Code Crosswalk, P-02283, for more information.

Most rates represent a ratio of one direct caregiver to one CLTS participant. The rate schedule identifies services which may be additionally provided in a group setting.

The rates in the CLTS rate schedule represent the maximum amounts that can be paid for each service unit without an outlier rate. County waiver agencies are prohibited from negotiating rates with providers for services included in the statewide uniform rate schedule. Services may be paid at lower rates when the service provider's usual and customary cost, the amount the provider charges to the general public, is lower than the amount in the CLTS rate schedule.

**Support and service coordination rates are not specified in this rate schedule. These rates are set using the existing method that develops a unique rate for each CWA.

Rate Schedule Key Terms Defined

Standard Program Category (SPC)

A Wisconsin state-level numerical code that refers to one of the service types above.

Federal Procedure Code (FPC)

A set of health care procedure codes based on the American Medical Association's Current Procedural Terminology (CPT) and the Center for Medicare and Medicaid Services (CMS) Health Information Portability and Accountability Act (HIPAA) coding procedures.

Benefit Category

A service listed above that corresponds to a SPC and Healthcare Common Procedure Coding System (HCPCS) code description.

Code Description

A technical description of the benefit category. May also specify provider type, the unit type, or whether the service code may be provided to individuals or in groups.

Unit Type

The timespan that the specific service rate may be billed. Unit types include 15 minutes, Hour, Day, Month, Session, Mile, and Trip.

Tier

Rates for some services are separated into specified levels, which may include provider education level, timespan, or service level.

Provider Type

Specifies whether a service rate is paid to an individual caregiver, or an agency provider that employs direct caregivers.

Care Level

Specifies whether a service rate is paid based on a participant's care level need of low, medium, or high. Please see the Care Level Classification Guidelines, P-02273, document for more information about how a participant's care level is determined.
