# Wisconsin Suspected Opioid Overdose Report

Wisconsin Department of Health Services, Division of Public Health
Office of Health Informatics and Office of Preparedness and Emergency Health Care

The following data are based on *suspected** opioid overdose cases in Wisconsin as determined by Wisconsin ambulance run reports.
These data are provisional and subject to change.

| OPIOID OVERDOSE AMBULANCE RUNS AT-A-GLANCE	
	Wisconsin
MONTH*	
December	435
December Rate (per 100,000)	7.5
YEAR TO DATE (YTD)	
Count	8547
Rate (per 100,000)	148
% of total ambulance runs	1.3
Naloxone doses administered	9021

*The most recent month available
