Careers that matter

Southern Wisconsin Center

Full-time and part-time positions are available for people passionate about helping others.

Resident care technicians

Resident care technicians are certified nursing assistants. They provide active treatment to clients, promoting independence and choice. No experience is necessary. Paid certified nursing assistant training is available.

Licensed practical nurses

Licensed practical nurses are a vital part of our care and treatment team. They provide basic care to clients, ensuring they are safe and comfortable.

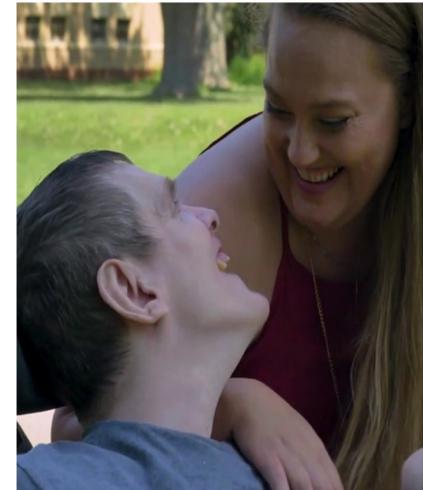

Registered nurses

Registered nurses assess and diagnosis clients. They also plan, implement, and evaluate courses of treatment.

Other positions include: cooks, custodians, food service workers, and office support staff. No experience is necessary.
