A close-up photograph of four light-colored wooden blocks with rounded corners, arranged in a row on a dark, textured wooden surface. Each block has a single letter printed in a dark green, sans-serif font. From left to right, the letters are 'S', 'A', 'F', and 'E'. The background is filled with many more similar wooden blocks, which are out of focus, creating a sense of depth and repetition. The lighting is soft and even, highlighting the texture of the wood.
