

Healthy babies start with you!

You can help by telling your story.

WHAT IS PRAMS?

PRAMS stands for Pregnancy Risk Assessment Monitoring System. It is a confidential survey that collects information from women who have recently given birth.

The purpose of PRAMS is to improve the health of new mothers and their babies.

WHO RECEIVES THE SURVEY?

- Each month, the Department of Health Services sends the survey to about 200 women who recently gave birth, and who were chosen by chance.
- In 2020, we are surveying all Native moms who give birth in Wisconsin, in partnership with the Great Lakes Inter-Tribal Epidemiology Center.
- **Your voice is important to this effort.**
- If you are selected, the survey will be mailed to you and you will be asked to fill it out. All responses will be returned to the Department of Health Services and will be kept confidential, to the extent permitted by law.

WHO CAN I CALL IF I WANT MORE INFORMATION ABOUT THE PRAMS SURVEY?

If you would like to learn more about PRAMS, call the PRAMS team at 1-866-743-9737. The call is free. Our staff speaks English and Spanish. We are ready to help.

PRAMS IS A JOINT RESEARCH PROJECT BETWEEN THE WISCONSIN DEPARTMENT OF HEALTH SERVICES AND THE CENTERS FOR DISEASE CONTROL AND PREVENTION.
