

Lead-Safe Homes Program Partners

The stars on the map below indicate local partners who are currently administering the Program in the shaded areas of the state. Property owners in every county in Wisconsin are eligible and encouraged to apply to the Program. DHS administers the Program in areas where no local partner is available. DHS has also partnered with several lead companies to provide lead risk assessment and abatement services for the Program (2 lead investigation companies and 6 lead abatement companies, shown as a green checklist and a blue house, respectively).
