

# School Nurse Immunization Resources

## 2021-2022

Below are helpful vaccination resources for you to have at your fingertips for the 2021-2022 school year.

-  This [quick guide](#) and [checklist](#) will help school administrators keep track of deadlines and school immunization law requirements during the first 90 days of school.
-  [Immunization requirements](#) for attending school (public and private) in Wisconsin differ by age and grade.
  - Parents can reference the following school immunization requirements for [kindergarten through fifth grade](#) and [sixth through twelfth grade](#).
-  The Centers for Disease Control and Prevention (CDC) and Advisory Committee on Immunization Practices (ACIP) recommend that all children receive [these immunizations](#) to best protect themselves and their peers.
-  The [Vaccines for Children Program](#) is a resource for families in need of low or no-cost immunizations for their children. There are [providers available](#) throughout the state.

The State of Wisconsin does not mandate COVID-19 vaccination in any setting. Individuals will need to check with their school districts to understand the masking and vaccination rules that pertain to their school.
