Medicaid is a joint federal and state health insurance program for low-income children, pregnant women, certain young adults, seniors, and people with disabilities.

Do you have health insurance offered to you through your (or your spouse's) employer?

YES

Call your health insurance company to learn:
- If your health insurance covers the recommended vaccines.
- How much you may need to pay, if anything.
- Where you can get your vaccines near you.

NO

Visit the Health Insurance Marketplace (Healthcare.gov) to find health insurance for yourself and your family.

Are you eligible for Medicare? Medicare is the federal health insurance program for people who are 65 or older; certain younger people with disabilities; and people with end-stage renal disease.

YES

Go to Medicare.gov to learn more about Medicare and enroll.

NO

Are you eligible for Medicaid? Medicaid is a joint federal and state health insurance program for low-income children, pregnant women, certain young adults, seniors, and people with disabilities.

YES

Go to Medicaid.gov to learn more about Medicaid and enroll.

NO

Are you in the Military or a Military dependent?

YES

Go to Vaccines.gov or call 211 to find COVID-19 vaccine near you.

FREE vaccine! You do not need an ID, proof of residency, or health insurance.*

NO

COVID-19 Vaccine (including booster doses)

Learn about the vaccines covered by Medicare and Medicaid:
https://www.cdc.gov/vaccines/adults/pay-for-vaccines.html

Under the Affordable Care Act, most health plans must cover routinely recommended vaccinations at no cost when the vaccines are given by an in-network health care provider.

*An administration fee can be charged for COVID-19 vaccines, but you can not be denied a vaccine if you are unable to pay the administration fee.
