Agencies that receive funding from the Wisconsin Department of Health Services (DHS) under the 2023–24 State Health Insurance Assistance Program (SHIP) grant must report grant-related activities monthly in the national SHIP Tracking and Reporting System (STARS) at [https://stars.acl.gov](https://stars.acl.gov).

These reporting instructions comply with guidance from the U.S. Administration for Community Living and may be adjusted over the course of the grant period.

**STARS Registration**

All SHIP team members, including those who conduct SHIP grant-related counseling and outreach activities and administrative volunteers, must be registered individually in the SHIP Tracking and Reporting System (STARS).

Local supervisors must submit DHS form F-02000 ([https://www.dhs.wisconsin.gov/library/f-02000.htm](https://www.dhs.wisconsin.gov/library/f-02000.htm)) to request:

- STARS access for new counselors.
- Termination of STARS access for counselors who are no longer employed with the agency.

**SHIP Activity Reporting Requirements**

*Reporting Systems*

Benefit specialists with access to WellSky Aging & Disability (SAMS) system enter grant-related activities in WellSky/SAMS and export them to STARS.
Agency staff without WellSky/SAMS access, including Dane County focal points and Milwaukee County agencies, enter grant-related activities directly into **STARS**.

**Reporting Deadlines**

Report SHIP activities into STARS by the last calendar day of the month following the month in which services were provided. For example, all January activities must be entered by February 28.
