

The Paths to Becoming a Dental Lab Technician

Dental lab technician programs:

- Milwaukee Area Technical College has the only dental lab technician program in Wisconsin.
- There are no accredited dental lab technician programs available in Wisconsin currently.
- Find an accredited dental lab technician program.

On-the-job training:

Individuals can learn to become a dental lab technician while working for an employer.

Certified Dental Technician:

- Individuals may choose to further their career by becoming a Certified Dental Technician.
- The most direct route to become certified is by graduating from an accredited dental lab technician program.
- Graduates from non-accredited programs and on-the-job training programs may become certified by meeting additional requirements.
- Learn more about the different pathways to becoming a Certified Dental Technician.
