

Katie Beckett Medicaid Renewals

Dedicated eligibility specialists handle all renewals for Katie Beckett Medicaid.
Unlike other Wisconsin Medicaid programs, online renewals are not currently available.

What to Expect at Renewal Time

Renewal letters. You will get a letter telling you the status of your child's eligibility for the next year and when to act. When you receive your letter, open it right away to avoid delays or a gap in coverage.

You may need to update the information we have on file. Each year, Katie Beckett Medicaid must review the information we have on file to see if your child can keep getting benefits. Let us know about any changes to your child's income, living situation, medical condition, or contact info. Contact information for Katie Beckett Medicaid's eligibility specialists is at the bottom of this page.

Medical Reviews. Some renewals will need to complete an eligibility interview. Your letter will include details if this applies to your child, any forms you need to complete and return, and information on how to schedule your child's eligibility interview, if needed.
