Federal Medicaid Work Requirement

⇨ How can I find out if I am enrolled in BadgerCare Plus?

This takes effect January 1, 2027, but does not apply to current BadgerCare Plus members until their next renewal starting March 2027.

The new federal Medicaid work requirement only applies to some BadgerCare Plus members. It does not apply to people who have health care coverage through a different Medicaid program.

If you are not sure which Medicaid program you are enrolled in, here are two ways you can find out:

Online through ACCESS or MyACCESS

1. Log in to ACCESS (or create an account) at access.wi.gov or use the MyACCESS mobile app.
2. On the homepage, under **My Benefits** it will show the types of programs that you are enrolled in or have applied for.
3. Select **Health Care** (if it is not already open).
4. It will display the program you are enrolled in. It will have **Open** next to the programs that are active. If other members in your household are also covered by Medicaid, it will show what programs they are enrolled in too.

Call Member Services

You can call Member Services at 800-362-3002 and ask which health care program you are enrolled in.

More information

Even if you are enrolled in BadgerCare Plus, there are many reasons you might not have to meet the work requirement. For more information, visit dhs.wi.gov/medicaid/work.htm or scan the QR code with your phone.
