

Wisconsin Medicaid and BadgerCare Plus Tuberculosis (TB) Only Related Services

Tuberculosis (TB) Only Related Services is ForwardHealth's plan for those who have been diagnosed with tuberculosis but do not meet the rules to enroll in Wisconsin Medicaid or BadgerCare Plus. The TB-Only Related Services Plan helps pay some medical costs for the care of tuberculosis (TB) infection or TB disease.

To enroll in this plan, a person must meet income and asset rules and have been infected with TB. For one person, the monthly income limit is \$1,551 (gross) and the asset limit is \$2,000 or less.

For a minor, age 18 or younger living at home, some of the parents' income and assets may be counted.

TB-Only Related Services will **ONLY** cover services directly related to the care of TB. These include:

- Physician services,
- Prescription drugs,
- Laboratory test and x-rays,
- Clinic services,
- Services designed to encourage completion of treatment, and/or
- Services needed due to side effects of prescribed drugs for TB care.

Please Note: This plan does not pay for hospital stays or room and board.

How to Apply

To see if you may be able to get TB-Only Related Services, apply with your local agency. To find your agency, go to dhs.wi.gov/em/customerhelp or contact Member Services at 1-800-362-3002.

For More Information:

- Contact Member Services at 1-800-362-3002 (voice) or 711 (TTY),
- Your agency, or
- Your public health department.
