What is BadgerCare Plus?
BadgerCare Plus is a health care coverage program for low-income Wisconsin residents.

Who can enroll?
- Children,
- Pregnant Women, and
- Adults (this includes adults ages 18 through 25 who were in foster care when they turned 18).

How do I know if I will be able to enroll in BadgerCare Plus?
The only way to know if you are able to enroll in the BadgerCare Plus Program is to apply. You can apply anytime for BadgerCare Plus and other assistance programs online at ACCESS.wi.gov. Or, you can apply with your agency in person, by phone or by mail with a paper application. See page 2 for the phone number and address of your agency to schedule an appointment to apply by phone or in person or if you have any questions.

Because BadgerCare Plus does not have an open enrollment period, you can apply for BadgerCare Plus at any time.

If you have applied in the past and you did not meet the program rules, you may want to apply again since some program rules have changed.

What kind of health care services are provided?
BadgerCare Plus covers health care services like:
- Check-ups, shots (immunizations), prenatal care and other preventive and wellness doctor visits,
- Emergency department visits,
- Hospital care,
- Maternity and newborn care,
- Mental health, behavioral health and substance abuse treatment,
- Prescription drugs,
- Rehabilitation services and devices,
- Lab visits and x-ray services, and
- Vision care like glasses.

How do I apply for or learn more about BadgerCare Plus?
- You can apply online any time at ACCESS.wi.gov or
- See page 2, to get the phone number for your agency to find out how to apply in person, over the phone, or by mail with a paper application or to get more information about BadgerCare Plus.

How do I get health care coverage if I’m not able to enroll in BadgerCare Plus?
If you are not able to enroll in BadgerCare Plus, you may be able to purchase private health insurance through the federal Health Insurance Marketplace. Generally, you can only purchase private health insurance through the Marketplace once a year in the fall during open enrollment. However, if you have a change in your life like moving to a new state, losing your job, having a baby, getting married or divorced, etc., you may be able to purchase private health insurance outside of open enrollment.

For more information about the Marketplace, go to HealthCare.gov or call 1-800-318-2596.

Free and Low Cost Health Clinics
There are also health care facilities in Wisconsin that provide health care for people with little or no health insurance. These facilities provide primary care and preventive care to people of all ages, regardless of their ability to pay. They charge for services on a sliding-fee scale that is based on your family income and size.

You can go to dhs.wi.gov/forwardhealth to get additional information about free and low cost health clinics in Wisconsin.
