Identification Cards for the BadgerCare Plus HMO Program
Each person enrolled in BadgerCare Plus is issued a ForwardHealth card. Show your ForwardHealth card each time you receive health care services.

Enrollment in an HMO
One of the many benefits of the BadgerCare Plus program is the opportunity to enroll into a Wisconsin BadgerCare Plus health maintenance organization (HMO). Families with children who receive their health care through the Wisconsin BadgerCare Plus program are enrolled in an HMO.

Most families must enroll in an HMO. Where there are two or more HMOs available to you and your family, you will have a choice of which HMO to enroll in.

The letter in this packet tells you if you must choose an HMO. If you are not sure if you must choose an HMO, call the HMO enrollment specialist at 1-800-291-2002.
Benefits of an HMO
An HMO is a group of doctors, clinics, and hospitals that work together to help you manage your health care. Some HMOs provide all your health care in one location.

A primary care provider or primary care clinic of your choice will help you manage your family’s health care needs.

BadgerCare Plus Services Covered by Your HMO
Services your HMO will cover include the services listed below if the services are medically necessary. Some additional services, such as prescription drugs, are covered by Wisconsin BadgerCare Plus, not your HMO.

- Doctor visits
- Hospital care
- Outpatient and emergency care
- Laboratory and x-ray services
- Prenatal care
- Eye care, including eyeglasses
- Medical equipment and supplies
- Mental health services
- Substance abuse (alcohol and other drug abuse) services
- Family planning services
- Home health and personal care services
- Physical and occupational therapy
- Speech, hearing, and language disorder services
- Dental care in Kenosha, Milwaukee, Ozaukee, Racine, Washington, and Waukesha counties (Dental care in other counties is covered by Wisconsin BadgerCare Plus, not your HMO.)

You may be asked to make small copayments (part of the cost) for some services. Call the HMO enrollment specialist at 1-800-291-2002 to find out which HMOs charge copayments for these services.
Special Information about Family Planning Services for BadgerCare Plus
Federal law allows members to choose their provider, including physicians and family planning clinics, for family planning services and supplies. Therefore, you can go to any family planning clinic that will accept your ForwardHealth card, even if the clinic is not part of your HMO.

How do you choose your HMO?
The HMO your health care providers accept could be the one for you! Your health care providers may not all belong to one HMO. You then need to decide which provider is most important to you.

Your health care providers may include your:

- Primary care provider.
- Specialty doctor.
- Mental health provider.
- Hospital.

Other things to consider:

- What hours are the doctors, clinics, and other providers open that belong to that HMO?
- Do any of them have evening hours?
- Do you have other health insurance? You will be expected to see health care providers who accept your other insurance as well as your HMO.

What happens after I am enrolled in the HMO?
You will get a membership packet that will tell you more. The membership packet lists the doctors, hospitals, and clinics that belong to your health plan. It will also explain the services your HMO provides. Once you are enrolled in an HMO, call the HMO to:

- Find out the services your HMO provides.

- Pick or change your family’s primary care provider.

You must see doctors and other providers who belong to your HMO unless you have an approved referral from your HMO or you have a medical emergency.

What if I am not happy with my HMO?
If you are not happy with the HMO you joined, you can change your HMO during the first three months of your enrollment. This is called “open enrollment.”
When your open enrollment period is over, you cannot change your HMO for nine more months. This is called a “lock-in” period. You will be sent a letter telling you when your lock-in period will end. When your lock-in period has ended, you may change to a different HMO if available.

The HMO enrollment specialist can help you:
- Decide if you should change your HMO.
- Change your HMO over the phone.
- Delay your enrollment or get permission not to join an HMO if you meet certain requirements.

**You Have Rights!**
As a member of an HMO in Wisconsin, you have important rights:
- You have the right to information about your HMO and how it works.
- You have the right to ask questions and to file complaints and grievances.
- You have the right to fair treatment.

**Assistance for People with Disabilities**
People with disabilities have the right to receive assistance. The health care providers in your HMO must assist people with disabilities. The Americans with Disabilities Act (ADA) guarantees this right. This means the doctor’s office or hospital must be easy to enter and exit.

**Assistance for People Who Are Deaf or Hard of Hearing**
The health care providers in your HMO must provide interpreter services for people who are deaf or hard of hearing.

**Assistance for People Who Speak Different Languages**
The health care providers in your HMO must provide interpreter services for people who speak different languages.

**Assistance for People Who Are Blind or Visually Impaired**
If you are blind or visually impaired, you can get a copy of the HMO’s member handbook and other information in Braille or on audiotape or CD.
