

“It really gave my husband and me peace of mind knowing Bill was well cared for both physically and mentally. The caregivers at EXCEL were second to none. We don’t know what we would have done without this program. “

“The inclusionary attitude as well as the approach to cover many domains of her well-being from nutrition to medications; from coping skills to being a contributing community member—EXCEL—well, **excels!** We are forever grateful and you are all forever in our hearts.”

Services

Comprehensive medical, psychological and psychiatric services provided by an effective, experienced treatment team.

Vocational services offer real work experience for real pay.

Educational services are provided consistent with the needs of the child.

Life skills are enhanced through participation in daily activities.

Community placement planning begins at the time of admission.

EXCEL provides person-specific training for potential providers and ongoing information sharing.

Guiding People in the Right Direction

EXCEL

- EXCEL is a short-term treatment program for children and adults with intellectual disabilities and mental illness.
- EXCEL is a goal-driven program with an interdisciplinary team challenging each person to reach their full potential to facilitate successful return to the community.
- EXCEL partners with the person, family, and home community to develop an individualized plan.
- EXCEL staff utilize a nurturing, consistent approach to interact with people experiencing behavior challenges impacting his/her life.

*Life is a process
& not a station.*

Mission

We provide a therapeutic mental health environment to support individuals with intellectual disabilities to maximize quality of life and independence.

Vision

We strive to provide the highest quality services that are person-centered, accessible and diversified.

There's only one success ~~ to be able to spend your life in your own way.
--Christopher Morley
