

Intoxicated Driver Program Directory

To: State, County, and Local Officials Involved with the Intoxicated Driver Program

This directory has been updated in response to requests from county staff working with the Intoxicated Driver Program (IDP). Intoxicated drivers, boaters, snowmobile users, all-terrain vehicle users, and possessors of certain controlled substances (cocaine, heroin, lysergic acid diethylamide, phencyclidine, amphetamine, methamphetamine, psilocin, or psilocybin), may be referred to the correct IDP contact within a Wisconsin county with the use of this directory.

Contact the Designated Coordinator regarding information about each county's programs and policies for assessment and/or treatment services.

Contact the assessment facility contact regarding court ordered referrals and reports. Collateral information regarding the referral should be sent to the assessment facility contact. When speaking with an individual needing an assessment, please inform them that they should contact the assessment facility for an appointment **FIRST BY PHONE**. A non-resident should contact the facility the day of their court appearance. Most assessments take 1-2 hours.

Previously this directory was available as a printed document but due to the advantages of the internet the directory will be web-based. This will facilitate fluid updates as the information changes. This directory is available for viewing and printing at: <https://www.dhs.wisconsin.gov/idp/directory.htm>. Please submit updated staff, contact, and fee information for this directory to the IDP Coordinator whose contact information is listed on the following page.

We welcome your comments and suggestions for improvements to this directory.
