

Wisconsin Statutes and Administrative Code Related to AIDS and HIV Infection

The following are hyperlinks to provisions of Wisconsin Statutes and Administrative Code related to HIV infection/AIDS as well as a related subject index to the Statutes and Administrative Code.

Note: The following chapter and subdivision headings are linked to the electronic publication of *Wisconsin Statutes and Annotations*, through the website of the Wisconsin State Legislature [Legislative Reference Bureau](#) (LRB), official publisher of the Wisconsin Statutes and Administrative Code. The LRB cautions that “the Wisconsin Statutes do not use the word ‘official’ in relation to the publication of statutes and, accordingly, ‘official’ has no legal meaning when applied to this electronic publication of the Wisconsin Statutes and Annotations or to the printed volumes.”

While HIV/AIDS-related content in Wisconsin Statutes is covered in variety of areas, the majority of AIDS/HIV-related provisions are located in [Chapter 252 Communicable Diseases](#), specifically:
