

Information for Mold Contractors and Consultants

To be included on the lists of IAQ Consultants or Mold Remediation Contractors, please provide the following information via email or regular mail to the address at the bottom of this page:

- 1) a list of your credentials,
- 2) a list of training certificates, including the name of the training provider and how we can contact them,
- 3) an example of the type of reports you generate/work you do,
- 4) legal name, address, phone number, fax number, email address website, of your company,
- 5) any relationships, financial or otherwise, you have with any IAQ consultant or mold remediation contractor,
- 6) a list of your clients for the past year, and
- 7) any other item you feel that is important for us to review.

Our list is updated monthly. The sooner you can provide us with the information the sooner you can be added to the list.

Having your name on this list is **NOT** an endorsement from the Department of Health and Family Services nor is it considered certification with the State of Wisconsin. It is only a starting point for interested parties who need assistance in investigating indoor air quality complaints in their buildings. If you provided us with fraudulent information or if you advertise yourself as being "State Certified" or "State Endorsed" your company's name will be removed off from our list and you will be referred over to the Department of Agriculture, Trade and Consumer Protection, Fraud Division for deceptive trade practices.

DHFS consults with the Department of Agriculture, Trade, and Consumer Protection to ensure that no businesses included in this list have consumer complaints currently filed against them.

If you need any additional information about this process, or to submit the materials above, please contact:

Indoor Air Program
Wisconsin Department of Health Services
Division of Public Health, Bureau of Environmental Health
1 West Wilson Street, Box 2659
Madison, WI 53701-2659
