

APPENDIX 8: GUIDELINES

The Wisconsin Well Woman Program requires clinical follow-up for all abnormal breast and cervical cancer screenings and diagnostics for WWWP eligible clients. Follow-up of abnormal findings should be based on professionally accepted clinical guidelines.

Listed below are some sources for published clinical guidelines on the management of abnormal breast and cervical cancer screening results from nationally recognized and credible organizations. Additional clinical guidelines for follow-up can be found at the **National Guideline Clearinghouse™** at: <http://www.guideline.gov/>
