| Not poor   | 64             | (63 – 66)       | 3,687,000        |
| <b>Educational Attainment</b>                    |                |                 |                  |
| <b>Ages 18 and Older</b>                         |                |                 |                  |
| Less than high school diploma                    | 8              | (7 – 9)         | 350,000          |
| High school graduate                             | 29             | (28 – 31)       | 1,285,000        |
| Education beyond high school                     | 62             | (60 – 64)       | 2,734,000        |

# WISCONSIN FAMILY HEALTH SURVEY

## Characteristics of Wisconsin's Household Population, 2014

|                                     | Percent | 95% C.I.  | Number    |
|-------------------------------------|---------|-----------|-----------|
| <b>Employment</b>                   |         |           |           |
| <b>Ages 0-17</b>                    |         |           |           |
| Live with employed adult(s)         | 93      | (91 – 94) | 1,235,000 |
| Live with no employed adult(s)      | 7       | (6 – 9)   | 97,000    |
| <b>Ages 18 - 64</b>                 |         |           |           |
| Employed full-time                  | 55      | (54 - 57) | 1,966,000 |
| Self-employed full-time             | 5       | (4 - 6)   | 188,000   |
| Employed or self-employed part-time | 14      | (13 - 16) | 512,000   |
| Not employed / Not in labor force   | 25      | (23 - 26) | 878,000   |

Source: 2014 Family Health Survey, Office of Health Informatics, Division of Public Health, Wisconsin Department of Health Services.

Notes: 2014 and 2012 FHS may be compared and/or combined for analysis because the same address-based design was used for sampling. However, comparisons with estimates from years of FHS data before 2012 should be made with caution because a landline telephone design was used for sampling prior to 2012.

This table shows estimated percentages and numbers based on survey responses.

C.I. = Confidence Interval (specifies a range within which the true value probably lies). See Technical Notes.

A dash (--) indicates 0.5% or less, fewer than 1,000 people, and/or insufficient sample size to produce reliable estimates.
