**PROFILE DESCRIPTION:** These funds will be used to develop and implement a plan on how county substance abuse, mental health and child welfare systems will change business practices to incorporate Coordinated Services Team (CST) values. The intent of the CST Initiative is to build on the success of the wraparound approach that has been part of the Integrated Services model in Wisconsin. It is intended to facilitate a system change in the way services are delivered to children and families. By supporting a collaborative effort that promotes a clear vision, meaningful structural change, and measurable outcomes, children and families in the mental health, substance abuse and the child welfare systems will benefit more than ever through coordinated services.
