**PROFILE DESCRIPTION:** The Wisconsin Oral Health Program (OHP) contracts with the Children's Health Alliance of Wisconsin to facilitate the Wisconsin Oral Health Coalition (WOHC), whose purpose is to improve oral health for children, adults, and populations with disparities statewide, and to support public and decision maker education efforts for community water fluoridation.

The MCH funds are provided in coordination with the OHP's CDC and HRSA grant funds. The funding is used to cover staffing, supplies, meeting costs, and technical assistance to local health departments and agencies.

Funds from the MCH Block Grant require a 75 percent matching support. Reports must document the source and nature of the matching support and comply with year-end program reporting requirements. All funds are subject to standard procurement policies.
