**PROFILE DESCRIPTION:** The Wisconsin Oral Health Program contracts with the Children's Health Alliance of Wisconsin to administer the Wisconsin Seal-A-Smile (SAS) school-based/school-linked dental sealant program. Delta Dental of Wisconsin provides this additional funding to fully match the state's general purpose revenue funding for SAS. The purpose of the SAS Program is to prevent tooth decay in high-risk children by targeting schools with high proportions of children on free and reduced meal programs. The funding is used to cover staffing, supplies, grants to local programs, and technical assistance to local SAS funded programs. All funds are subject to standard procurement policies.
