**PROFILE DESCRIPTION:** The Wisconsin Violent Death Reporting System (WVDRS) is an ongoing, statewide, active surveillance system that compiles information from multiple sources to construct a unique picture of the characteristics and circumstances of violent death incidents as defined by the Centers for Disease Control and Prevention (CDC). Data sources include death certificates, local coroner/medical examiner (C/ME) records (with toxicology reports), and law enforcement (LE) reports. The project is CDC funded for 5 years. This contract enables us to hire the project coordinator in collaboration with the Medical College of Wisconsin.

Grant #: 1U17CE002626-01

Project Title: WISC – National Violent Death Reporting System (NVDRS)
