PROFILE DESCRIPTION: The Department of Health Services in partnership with Medical College of WI designed, developed, and is implementing a WI Child Psychiatry Consultation Program with referral and training for Primary Care Providers. The supports the behavioral health needs of children and families by providing:

1. Consultation to primary care providers (PCPs) regarding diagnosis and management options for children and adolescents with mental health problems.
2. Referral support system for pediatric patients to other mental health professionals and community resources as identified and needed.
3. Education and training in mental health issues for primary care providers.

This funding supports the infrastructure to implement and expand the CPCP to unserved counties in WI.
