PROFILE DESCRIPTION: "Wisconsin Public Health Referral and Access to Information, Services and Resources program (WI PH RAISR); is a statewide system for enhanced I&R services and access to information, services, and resources that is recognized, streamlined, efficient, effective, and easy to use. The WI PH RAISR program facilitates access to enhanced I&R services and resources through an integrated and modernized web portal to provide a customer driven service; web site dashboard search and data features; including the latest voice, chat, text and mobile technology; and state-approved branding with consistent messaging.
