General purpose is to provide maternal and child health services on a statewide basis. Disparate infant mortality rates demonstrate the need for a program to improve infant health and reduce disparities in infant mortality. What follows are goals specific to a Statewide Program for Sudden Unexpected Infant Deaths and Disparities in Infant Mortality: a) support the Healthy Babies Initiative, b) Provide professional education on evidence-based strategies to reduce the risk of sudden and unexpected infant deaths, c) Increase consumer education of “Back to Sleep” and safe sleep environments for infants, d) Provide information, counseling and grief support services to families and others who are effected by a sudden or unexpected infant death.
