General purpose is to provide maternal and child health services on a statewide basis. What follows is specific to Parent to Parent Matching for children with special health care needs. Parent matching provides intimate, individualized support to parents of children with special health care needs that is not provided through group settings. Veteran parents can be matched with inexperienced parents who have children with similar disability specific needs, thereby providing a more effective and productive relationship. Goals include: a) Increase parents' acceptance of their situation, b) Increase parents' sense of being able to cope, c) Promote child's health, safety, and development, d) Prevent child abuse and neglect.
