PROFILE DESCRIPTION: The budget was developed based on a fixed reimbursement of nine dollars per day (\$9/day) for each eligible resident (see definitions of “serious mental illness” and “specialized services for a person who has a serious mental illness” in Exhibit 1) for each day a resident is present in the facility, is in need of specialized services, and is 22 through 64 years of age. There are one hundred one (101) beds in the facility that may be occupied by persons who have a serious mental illness, are in need of specialized services, and are 22 through 64 years of age. The total amount of funds may not exceed \$285,969j. Any costs over the amount allocated will be the provider’s responsibility.

The IMD funding for Specialized Services is based on the provisions in Wis. Stats. § 46.266, which was promulgated in the 1987 budget act to provide the GPR portion of the Medicaid nursing facility benefit if a nursing facility were determined to be an institution for mental disease as defined in 42 CFR 435.1009.

CARS Line 531292 is to be used only for persons 21 through 64 years of age. CARS Line 531292 will be paid 100% GPR up to the contract level. Expenses above the contract level on CARS Line 531290 (GPR share of Allocation) will roll to 531292 for payment.
