CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBER: 93.243

PROFILE DESCRIPTION: The purpose of this program is to reduce the number of prescription drug/opioid overdose-related deaths and adverse events among individuals 18 years of age and older by training first responders and other key community sectors on the prevention of prescription drug/opioid overdose-related deaths and implementing secondary prevention strategies, including the purchase and distribution of naloxone to first responders. The PDO grant program will work to strengthen communities in developing policies and practices that prevent and respond appropriately to prescription drug/opioid-related overdoses.
