On September 15, 2010 the Department of Health Services (DHS) implemented a new e-mail encryption tool which will impact everyone using the Department's e-mail (DHS.Wisconsin.gov or Wisconsin.gov). This rollout will have an impact on those with whom DHS conducts business via email. The Department has developed a short "what you will see and do" training that is available at the link below. If you need additional assistance, visit the Cisco help link referred to on slide 16 of this presentation.
